

---

The following amendment to the tender documents is effective immediately. This addendum shall form part of the contract documents.

---

Item Description

**CLARIFICATIONS:**

A5.1 Ref: Paragraph A1.3.7 from Addendum 1, dated October 4, 2018:

- .1 It is the Bidder's responsibility to be completely familiar with the requirements of the CSA Standard Z317.13-17 Infection Control During Construction, Renovation and Maintenance of Healthcare Projects, under which the project is to be executed, prior to submitting their bid.

The Owner is willing to accept proof of registration that the General Contractor's foreman / site representative will be attending a recognized one-day Infection Control training course, in lieu of pre-existing certification, in order to award the Contract. If this is the case, however, the following conditions must be met: The General Contractor's foreman / site representative must successfully complete the necessary one-day course by no later than November 22, 2018. If the course is not successfully completed by that date (or, for whatever reason, the course for which the Contractor is registered gets cancelled or the Contractor is unable to attend), the Contractor is responsible, at his own cost, to undertake immediate one-on-one private training to receive an equivalent Infection Control certification, through a recognized provider, to the Owner's satisfaction. (Note: AllTech Environmental Services Limited currently offers a one-day Infection Control course in Halifax NS on November 22, 2018 — see website <https://www.toalltech.com/events/infection-ns/>).

**SPECIFICATIONS:**

A5.2 Ref: Section C – General Conditions of Contract:

- .1 Ref: Paragraph 20.b.1.a:
- .1 Delete "Two Million (\$2,000,000.00) dollars" and replace with "Five Million (\$5,000,000.00) dollars".

**END OF SECTION**
