Bid Specification For Utility Tractor

Prince Edward Island Department Transportation, Infrastructure & Energy,
Mechanical Branch

Introduction:

This tender is for the purchase of one (1) new Utility Tractor. The Departments decision to purchase will be based on best value as determined by the Department.

Requirements& Bid Evaluation:

Award will be based upon the compliance to the tender and the lowest total bid price and earliest guaranteed delivery date.

If an unknown or unproven make/model is submitted as lowest bid, an evaluation will be done of a current production vehicle the same as tendered. If evaluated and deemed suitable, the bidder or manufacturer will, if requested, provide a demonstration at a location agreed on by the Department, any special travel costs incurred by the Department may be considered as part of the total bid price.

General:

The Department reserves the right to decide which manufacturer offers the best value to the Department in terms of key specification areas, and lowest price. This document shall be properly completed and must be returned with all tenders. Lowest or any tender not necessarily accepted

The Department will review competitive pricing and earliest guaranteed delivery date meeting all the general specifications requirements. The results of this tender may or may not be used in the twenty four (24) months following tender award.

Upon delivery and training of employees, the unit will be inspected for compliance to specifications description. Any deficiencies shall be required to be corrected at the bidder's expense before payment for that particular unit is approved or an appropriate credit adjustment is agreed upon.

A response must be stated for each item and where requested an actual value, a blank response will be deemed as meaning "no". Any response with a "no" or a blank may result in the bid being rejected, unless the specifications requested can be provided with an equivalent or better option.

BIDDER NAME (To be placed on each page)

Page 1 of 8

Delivery:

The unit must be delivered to the Department of Transportation, Infrastructure, and Energy, Charlottetown, Mechanical Branch on or before specified delivery date vendor submitted on tender document.

Delay in Delivery:

The Bidder's attention is drawn to the delivery deadline date. Any delays beyond this time, will be considered a lack of performance by the Vendor and a failure to provide the tendered equipment. A penalty of \$100.00 per calendar day per unit may be assessed against the Vendor until delivery is completed. Please note that no vendor will be penalized for late delivery as a result of circumstances beyond their control. Documentation must be provided as proof of reason for late delivery.

In the event the Department agrees to an extension of the delivery date, no penalty will be assessed.

Product Acceptance:

The Utility Tractor must be properly pre-delivery serviced to ensure it is ready for use with particular attention to lubes, fluids, filters, belts, all fasteners, and adjustable items. **Dealer responsibility for hook up and testing of units prior to putting into service.**

Staff Training:

The vendor is to provide a competent representative to provide orientation to Department of Transportation & Infrastructure Renewal staff. Familiarization will include the machine's operating features and it's design so as to enable proper operation, maintenance and servicing.

Service Manual:

Vendor to provide one (1) electronic copy of parts and service procedures for the tractor. Also provide one (1) hard copy service manuals in case of equipment problems on the road.

Warranty:

All warranty work, including shipping, parts delivery charges, all shipments and travel, will be at the expense of the supplier.
