**SUBJECT: Discrepancy in the steel shelving height - clarification**

---

Drawing A4 – Room 110 Storefront Shelving Floor Plan specifies the counter height to be 76". This is incorrect and should be 88" as per Tender 4933 "Steel Shelving with adjusting interlocking corner" specifying 88" height for steel shelving under sections #3, #4, and # 5.

**Required height for the steel shelving is 88".**
