Lucy Maud Montgomery Destination Development Consulting Services for The Resort Municipality of Stanley Bridge, Hope River, Bayview, Cavendish and North Rustico

1. What is the value of the total project including planning and execution? The value is estimated to be between \$200,000 and \$250,000.
2. Does this amount include the commissioning of a statue or sculpture? Yes.
3. Does this amount include the literary tour and what is the estimated value of this component of the project? Yes, and somewhere between \$20,000 and \$25,000 is our expectation but we are not necessarily tied to that amount.
4. Who might be some of the possible funders? The Resort Municipality, ACOA, the Province of PEI, Canadian Heritage and possibly others.
5. Does the project budget include the execution of any elements on the Macneill property? No
6. Can we propose a phased in approach to the project? Yes
7. Can you be more precise about the expectation of completion of this planning phase? We would like to start execution as soon as possible in the fall so the ideal scenario would be late August sometime, but September is also possible.
8. Can some of the existing fixtures be moved or replaced in the Park? Yes
