**APPENDIX C – SUBMISSION PRICING FORM**

**1. Instructions on How to Complete Submission Pricing Form**

- (a) Rates shall be provided in Canadian funds, inclusive of all applicable duties and taxes except for HST, which must be itemized separately.
- (b) Rates quoted by the Proponent shall be all-inclusive and shall include all labour and material costs, all travel and carriage costs, all insurance costs, all costs of delivery, all costs of installation and set-up, including any pre-delivery inspection charges, and all other overhead, including any applicable fees or other charges
- (c) Proponent will submit Appendix C in a **separate sealed envelope** and labelled with the tender number, Appendix C – Pricing Form, and the Proponents business name.

**2. Evaluation of Pricing**

Pricing is worth 10 points of the total score.

Pricing will be scored based on a relative pricing formula using the rates set out in the Pricing Form. Each Proponent will receive a percentage of the total possible points allocated to price for the particular category it has bid on, which will be calculated by dividing that Proponent’s price for that category into the lowest bid price in that category. For example, if a Proponent bids \$120.00 for a particular category and that is the lowest bid price in that category, that Proponent receives 100% of the possible points for that category (120/120 = 100%). A Proponent who bids \$150.00 receives 80% of the possible points for that category (120/150 = 80%), and a Proponent who bids \$240.00 receives 50% of the possible points for that category (120/240 = 50%).

Lowest rate

$$\frac{\text{-----}}{\text{Second-lowest rate}} \times \text{Total available points} = \text{Score for second-lowest rate}$$

Lowest rate

$$\frac{\text{-----}}{\text{Third-lowest rate}} \times \text{Total available points} = \text{Score for third-lowest rate}$$

And so on, for each proposal.

**Pricing Form**

Bidders should propose a financial model that clearly defines how they propose to be compensated for all of the required services.

Prepare a fixed price for your proposed services. Provide appropriate details to support these figures, including estimates of the work effort and a breakout of expected expenses.

**C.1 Cost – Time and Materials for Initial Contract Period**

Prepare the following tables for inclusion in your proposal:
