ROADS ACT
Chapter R-15

HIGHWAY ACCESS REGULATIONS

Pursuant to subsection 29(1) of the *Roads Act* R.S.P.E.I. 1988, Cap. R-15, Council made the following regulations:

PART 1 - GENERAL

1. Definitions

(1) In these regulations:

- (a) “**Act**” means the *Roads Act* R.S.P.E.I. 1988, Cap. R-15;
- (a.1) “**change of use**” means, in respect of a parcel of land, the change of use of the parcel of land from one use to another, but does not include
 - (i) the expansion of a permanent year-round single-family residence or the placement of a supportive suite as defined in the *Planning Act* Subdivision and Development Regulations (EC693/00),
 - (ii) the change of use of a parcel of land from an existing commercial operation, existing industrial operation or existing institutional operation to residential usage, where the number of average weekday vehicle trips is not expected to increase, and there is no increase in the size of the building or parcel, as a result of the change to residential usage,
 - (iii) non-residential expansion of a farm where, after the subject expansion, the parcel of land would continue to be a farm, or
 - (iv) a home occupation;
- (b) “**commercial operation**” means any activity involving the display or sale of goods and services or the use of a parcel of land for any of the following: financial services and financial institutions, business offices and other offices, studios, theatres, restaurants and clubs, health and recreation centres and facilities;
- (c) “**cultivation of a natural resource**” means sowing, planting, stocking, cultivation and harvesting of a primary agricultural, forestry or fishery resource and specifically excludes any form of processing or construction of any building;
- (d) “**existing**” with respect to any highway or part of highway, means existing at the time these regulations come into force;

- (e) “**existing parcel of land**” means any parcel of land existing as one parcel and not subdivided, at the time these regulations come into force but where a parcel of land is divided by a highway it shall be considered as two separate parcels;
- (f) “**farm**” means arable land and complimentary buildings of more than 50 acres in total, utilized for the purpose of sowing, cultivation and harvesting of crops, rearing of livestock or production of raw dairy products;
- (g) “**farm corporation**” means a corporation
 - (i) which is primarily engaged in the business of agriculture, and
 - (ii) of which not less than 75 per cent of all issued and voting shares are beneficially owned by farmers;
- (h) “**farmer**” means a person who owns or leases land and operates a farm or owns shares in a farm corporation that operates a farm, and who
 - (i) spends more than 50 per cent of his working time on the farm, and
 - (ii) receives annually more gross cash income from the sale of farm products than from wages received for work performed off the farm;
- (i) “**farm dwelling**” means a single family year-round residential dwelling that is located on a farm or on a lot that has been subdivided from an existing farm, and is owned and occupied by a principal owner of the farm, a person whose primary occupation is to work upon the farm or a parent, son or daughter of a principal owner of the farm;
- (j) “**home occupation**” means a business within a single family residential dwelling where at least fifty percent (50%) of the employees live within the dwelling on a permanent basis, the total area occupied by the business is no more than the greater of twenty-five percent (25%) of the total floor area of the dwelling or sixty-five square metres (65 m²) and the business would be consistent with any applicable zoning regulations or bylaws;
- (k) “**industrial operation**” means any activity for the storage, distribution, processing, assembly or recycling of wholesale products, goods or materials or for activities relating to transportation, manufacture, construction, warehousing, assembly or general repair, but does not include a farm;
- (l) “**institutional operation**” means any activity for senior citizen housing, nursing homes, hospitals, clinics, religious institutions, churches, public and private schools, colleges, cultural centres, libraries and public recreational facilities and parks;
- (m) “**lower class of highway**” means a collector highway or a paved local highway;
- (n) “**Minister**” means the Minister of Transportation and Infrastructure;
- (n.1) “**right-of-way control sign**” means a stop or yield sign which indicates the right-of-way of vehicle drivers on the approach to an intersection;
- (n.2) “**scenic heritage road**” means a public road designated as a scenic heritage road under section 16.1, and includes the verge, ditch and land within the road boundary;
- (o) “**subdivision street**” means a street constructed or paid for by a developer, on land which has been conveyed to the Province of Prince Edward Island and accepted as a highway by the Minister, for the purpose of establishing a subdivision.

Similar activities

- (2) For the avoidance of doubt, clauses (1)(b), (1)(k) and (1)(l) include activities that are similar in nature to a commercial operation, an industrial operation or institutional operation, as those terms are respectively defined. (EC580/95; 472/96; 418/97; 463/01; 209/07; 356/18; 223/20; 141/24; 230/24)

2. No application to controlled access highways

These regulations do not apply to any highway or part of highway designated as a controlled access highway pursuant to section 27 of the Act. (EC580/95; 141/24)

3. Entrance ways

No person shall construct or cause a change of use of an entrance way opening onto an arterial highway, limited access arterial highway or a seasonal highway without first having obtained an entrance way permit from the Minister. (EC580/95; 463/01)

4. Entrance ways

- (1) Notwithstanding any other provision of these regulations, no entrance way permit shall be issued, no entrance way shall be established and there shall be no change of use of an existing entrance way:
- (a) if the location of the entrance way would not meet the safe stopping sight distance requirements set out in Schedule G for any purpose other than the establishment of one entrance way to an existing parcel of land created prior to February 3, 1979,
 - (i) for single family dwelling use, or
 - (ii) for the purpose of cultivation of a natural resource,subject to the entrance way being located in the safest possible location;
 - (b) if the location of the entrance way would be on a segment of highway having more than two traffic lanes and where the third lane is a passing or climbing lane, and is outside of an area designated for infilling in Schedule “A-3” or “B-2”, for any purpose other than
 - (i) establishment of one full access entrance way on either side of the highway to an existing parcel of land, solely for the purpose of cultivation of a natural resource, if there is no existing entrance way to the parcel of land and no adjacent parcel of land with an existing entrance way under the same ownership or control as the subject parcel of land,
 - (ii) establishment of one full access entrance way, on the same side of the highway as the passing or climbing lane, to an industrial operation where it has been determined by the Lieutenant Governor in Council that establishment of the industrial operation would be in the best interest of the province, or
 - (iii) change of use of an existing full access entrance way on either side of the highway to allow for the construction of a farm dwelling on the same parcel where a farm with complementary buildings existed prior to November 14, 2005;
 - (c) if the location of the entrance way would be on a segment of highway having more than two traffic lanes and where the third lane is an exclusive right-turn lane, and is outside of an area designated for infilling in Schedule “A-3” or “B-2”, for a purpose permitted by subclause (b)(i), (ii) or (iii), with the entrance way on either side of the highway, or for
 - (i) establishment of one right-turn only access into a proposed commercial development at an intersection of a highway where the exclusive right-turn lane is on approach to the intersection, and the Lieutenant Governor in Council has determined that establishment of the commercial development would be in the best interest of the province,
 - (ii) establishment of one right-turn only exit from a proposed commercial development at an intersection of a highway where the third lane is an added

- acceleration lane from the side road on departure from the intersection or a continuation of a combined right and through lane from the approach side of the intersection, and the Lieutenant Governor in Council has determined that establishment of the commercial development would be in the best interest of the province, or
- (iii) establishment of one right-turn access and right-turn exit from a proposed commercial development on the approach to an intersection of a highway where the third lane is a combined right and through lane to and through the intersection, and the Lieutenant Governor in Council has determined that establishment of the commercial development would be in the best interest of the province;
- (d) if the location of the entrance way would be on a segment of highway having more than two traffic lanes and where the third lane is an exclusive left-turn lane, and is outside of an area designated for infilling in Schedule “A-3” or “B-2”, for any purpose other than
- (i) establishment of one full access entrance way to an existing parcel of land on either side of the highway for the purpose of cultivation of a natural resource,
 - (ii) establishment of one full access entrance way to an existing parcel of land on either side of the highway for single family dwelling use, placement of a supportive suite, or home occupation,
 - (iii) allowing for creation of new lots accessing a private road that existed prior to August 1, 2024, on the side of the highway served by an existing or new left-turn lane,
 - (iv) establishment of one full access commercial or industrial operation entrance way on the side of the highway served by an existing left-turn lane where the parcel is not a corner lot with a public side road, or
 - (v) change of use of an approved existing full access entrance way from commercial to industrial use, industrial to commercial use, or intensification of a commercial or industrial use, where the entrance way is on the side of the highway served by an existing or a new left-turn lane and where the parcel is not a corner lot with a public side road, and with the recovery of costs determined by the Minister for the construction of the left-turn lane or improvements to an existing left-turn lane;
- (e) if the location of the entrance way would be on a segment of highway having more than three traffic lanes where the fourth lane is an exclusive left-turn lane, and is outside of an area designated for infilling in Schedule “A-3” or “B-2”, for any purpose other than
- (i) establishment of one full access entrance way to an existing parcel of land on either side of the highway for the purpose of cultivation of a natural resource,
 - (ii) establishment of one full access entrance way to an existing parcel of land on the side of the highway served by the left-turn lane for single family dwelling use, placement of a supportive suite, or home occupation,
 - (iii) allowing for creation of new lots accessing a private road, that existed prior to August 1, 2024, on the side of the highway served by an existing or new left-turn lane, or
 - (iv) establishment of one full access commercial or industrial operation entrance way on the side of the highway served by an existing or new left-turn lane where the left-turn lane is on the same side of the highway as the two through lanes travelling in the same direction, and where the Lieutenant Governor in

Council has determined that establishment of the development would be in the best interest of the province.

Permit or authorization required

- (2) Clauses (1)(b), (c), (d) and (e) apply only if a permit for the use or change of use of the parcel being served by the entrance way may be issued by the Minister under Part 3 or Part 3.1 of these regulations, or the Minister may authorize the use or change of use of the parcel under Part 5 or Part 6 of these regulations. (EC580/95; 418/97; 120/98; 720/98; 713/05; 141/24; 715/24)

5. Existing entrance ways

- (1) A legally created existing entrance way from an existing parcel of land onto any highway may be continued and maintained, provided that there is no change of use of the parcel of land serviced by the entrance way.

Idem

- (2) Notwithstanding subsection (1) the Minister may remove and close an entrance way where a parcel of land has more entrance ways than would be permitted pursuant to these regulations. (EC580/95)

6. Removal of entrance ways

Any entrance way onto a highway for which there is no entrance way permit or which is not otherwise authorized under these regulations may be removed by the Minister. (EC580/95)

7. Application for permit

- (1) An application for an entrance way permit shall be in a form prescribed by the Minister, accompanied by
- (a) a record of re-zoning or change of use approval, if applicable;
 - (b) an application fee in the amount prescribed in Schedule H;
 - (c) a property map, drawn to an appropriate scale, showing the entire parcel of land, the intended location of the subject entrance way, the location of any existing entrance ways and the location of existing and proposed buildings;
 - (d) a copy of the deed of the property; and
 - (e) in the case of an application for expansion of a commercial operation, a detailed floor and site plan showing the existing and proposed use.

Minister may require additional information

- (2) Notwithstanding subsection (1), the Minister may request a traffic impact study or other material to aid in making a decision on any application for an entrance way permit and, where such a request is made, no entrance way permit may be issued until the Minister is satisfied that the material has been provided.

When application received

- (3) An application for an entrance way permit shall be deemed to be received on the day the Minister's decision, pertaining to the application, is communicated to the applicant. (EC580/95; 141/24)

8. Dimensions to be specified

- (1) An entrance way permit shall indicate
 - (a) the approved use of the entrance way;
 - (b) the width and location of the entrance way by reference to the distances between its edges and from one edge to the nearest boundary of the parcel of land; and
 - (c) any other conditions imposed.

Construction

- (2) The entrance way shall be constructed in accordance with the permit. *(EC580/95)*

9. Costs

- (1) The fees of an entrance way permit for a new entrance way shall be not less than the amount prescribed in Schedule H.

Minister may collect additional costs

- (2) Nothing herein limits or affects the right of the Minister to impose, charge and collect the costs, or any portion of the costs of any changes to a highway that are associated with the construction or change of use of an access or entrance way pursuant to section 30 of the Act, in lieu of or in addition to fees imposed pursuant to subsection (1). *(EC580/95; 463/01; 141/24)*

10. Owner acknowledges conditions

- (1) No entrance way permit shall be valid unless it has been signed by the owner of the subject parcel of land to acknowledge any conditions imposed by the permit.

Registration

- (2) No entrance way permit shall be valid unless it has been registered with the Registrar of Deeds. *(EC580/95)*

10.1 Trip Generation Manual

When determining whether the number of average weekday vehicle trips is likely to change or whether a change of use is likely to result in an increase in the number of average weekday vehicle trips for a parcel of land, the Minister shall refer to the most recent edition of the Trip Generation Manual published by the Institute of Transportation Engineers. *(EC356/18)*

11. Trip generation

Revoked by EC418/97.

12. Appeal

- (1) Where the Minister has discretion to issue an entrance way permit pursuant to these regulations, a decision of the Minister may be appealed to the Island Regulatory and Appeals Commission, by the applicant.

Idem

- (2) For greater certainty, where the Minister makes a decision pursuant to section 4, there is no appeal to the Island Regulatory and Appeals Commission on any grounds other than an error in the determination of available safe stopping sight distance. *(EC580/95)*

PART 2 - HIGHWAY CLASSIFICATION

13. Arterial highways

- (1) All highways or parts of highways described in Schedule A-1 are designated as arterial highways.

Arterial Class II highways

- (2) All highways or parts of highways described in Schedule A-4 are designated as arterial Class 2 highways. *(EC580/95; 449/99; 141/24)*

14. Collector highways

All highways or parts of highways described in Schedule B are designated as collector highways. *(EC580/95; 141/24)*

15. Local highways

All paved highways or parts of paved highways, not otherwise designated as arterial highways or collector highways, including, but not limited to, those paved highways described in Schedules C-1, C-2 and C-4 and all unpaved highways or parts of unpaved highways described in Schedule C-3 are designated as local highways. *(EC580/95; 141/24)*

16. Seasonal highways – Schedule D-1

- (1) All unpaved highways or parts of unpaved highways described in Schedule D-1 are designated as Class 1 seasonal highways.

Seasonal highways – Schedule D-2

- (2) All unpaved highways or parts of unpaved highways described in Schedule D-2 are designated as Class 2 seasonal highways. *(EC580/95; 141/24; 1122/25)*

16.1 Scenic heritage roads

All unpaved highways or parts of unpaved highways described in Schedule E are designated as scenic heritage roads. *(EC209/07; 141/24)*

17. Non-essential highways

All unpaved highways or parts of unpaved highways not designated as local highways, scenic heritage roads or seasonal highways are designated as non-essential highways. *(EC580/95; 209/07; 141/24)*

PART 3 - ARTERIAL HIGHWAYS

18. Application

- (1) This Part applies to arterial highways.

No application to limited access arterial highways

- (2) Notwithstanding subsection (1), this Part does not apply to any arterial highway or part of arterial highway that is designated as a limited access arterial highway. *(EC580/95; 141/24)*

19. Closure

When a municipal council or the Minister of Housing, Land and Communities gives permission for a change of use of an existing entrance way, for which no entrance way permit has been issued, the existing entrance way or entrance ways to the parcel shall be closed and shall not be reopened unless and until an entrance way permit has been issued by the Minister. (EC580/95; EC699/00; 141/24)

20. Issue of permit outside an infilling area

- (1) The Minister may issue an entrance way permit to authorize placement of a new entrance way or a change of use of an existing entrance way, to a portion of an arterial highway outside of an area that has been designated for infilling in Schedule A-3, except no entrance way permit shall be issued
- (a) to establish a commercial operation, other than a home occupation, or an institutional operation on a parcel of land where there is no existing commercial operation or institutional operation respectively;
 - (b) to enable the change of use of an existing commercial operation to another type of commercial operation, or to add another type of commercial operation to an existing commercial operation, unless the expected increase in the number of average weekday vehicle trips resulting from the change of use or the addition of another commercial operation is less than or equal to a doubling of the traffic generated by the existing commercial operation, and subject to any conditions relating to traffic safety that the Minister may determine are necessary, and the recovery by the Minister of the costs associated with the construction, improvement or intensification of use of the access;
 - (b.1) to enable the change of use of an existing commercial operation to an industrial operation or from an existing industrial operation to a commercial operation, unless
 - (i) the number of average weekday trips is expected not to increase as a result of the change of use, and
 - (ii) the change of use meets the requirements of the Subdivision and Development Regulations or the applicable municipal bylaws, as the case may be;
 - (b.2) to enable an existing commercial operation to expand, unless the expansion of the commercial operation is limited to
 - (i) a maximum of 100 square metres, or
 - (ii) 100% of the total of the existing floor and ground area occupied by the operation,subject to any conditions relating to traffic safety that the Minister may determine and the recovery by the Minister of the costs associated with the construction, improvement or intensification of use of the access;
 - (c) to establish an industrial or commercial operation on a parcel of land where there is no existing industrial or commercial operation and it has not been determined by the Lieutenant Governor in Council that establishment of the industrial or commercial operation along an arterial highway is in the best interest of the province;
 - (c.1) to establish an institutional operation on a parcel of land where there is no existing institutional operation and it has not been determined by the Lieutenant Governor in Council that establishment of the institutional operation along an arterial highway that lies west of the intersection of Route 2 and Route 124 in Prince County, or east of the intersections of Route 1 and Route 3 or Route 2 and Route 6 in Queens County, is in the best interest of the province;

- (d) to allow placement of a new entrance way where a parcel of land, created prior to the date that the adjacent arterial highway was designated as an arterial highway:
 - (i) that is not a farm, has one or more existing entrance ways;
 - (ii) that is a farm and does not include a farm dwelling, has one or more existing entrance ways; or
 - (iii) that is a farm and includes a farm dwelling, has two or more existing entrance ways;
- (e) to provide an entrance way to a parcel of land created after March 22, 1992 or the date upon which the adjacent highway was designated as an arterial highway, whichever is later, other than to enable
 - (i) the creation of a new farm;
 - (ii) the creation of a new parcel of land subdivided from a farm for the purpose of establishing one new single-family dwelling or the creation of a separate parcel of land that includes a single-family dwelling to allow the farmer to retain the dwelling and sell the remainder of the farm, provided that the existing entrance way to the farm is used for access to the new or separate parcel of land and any other entrance way to the new or separate parcel of land is removed, or
 - (iii) cultivation of a natural resource;
 but where the existing parcel of land is served by more than one existing entrance way, no additional entrance way may be established to serve the new parcel of land; or
- (f) to establish any change of use on a parcel of land created between February 3, 1979 and the coming into force of these regulations, where the adjacent segment of highway was designated as an “arterial” highway in regulations proclaimed under the *Planning Act* on February 3, 1979 and is continued as an arterial highway pursuant to these regulations, other than to enable
 - (i) the creation of a new farm;
 - (ii) the establishment of one (1) single family year-round residence, on a parcel of land where all required approvals would have been granted prior to the coming into force of these regulations and there has been no previous change of use since the parcel of land was created; or
 - (iii) cultivation of a natural resource.

Issue of permit inside an infilling area

- (2) The Minister may issue an entrance way permit to authorize placement of a new entrance way or a change of use of an existing entrance way to a portion of an arterial highway, in an area that has been designated for infilling in Schedule A-3.

Entrance way permit

- (3) The Minister may issue an entrance way permit authorizing a new entrance way or changing the use of an existing entrance way to a portion of arterial highway for the purpose of allowing access to an excavation pit.

Validity of permit

- (4) An entrance way permit issued pursuant to subsection (3)
 - (a) shall only be valid for one 30-day period in a calendar year as specified on the permit; and
 - (b) shall not be valid during the months of July and August, except in the case of excavation pits used for Highway Capital Construction Projects. (*EC580/95; 367/97; 418/97; 595/99; 167/09; 356/18; 941/22; 141/24*)

21. Access to lower class of highway

Notwithstanding any other provision of this Part, where a parcel of land is adjacent to an arterial highway and a lower class of highway, the Minister may determine that no entrance way permit shall be issued to allow access to the arterial highway. (EC580/95)

PART 3.1 - ARTERIAL CLASS 2 HIGHWAYS

21.1 Applies to arterial Class II highways

- (1) This Part applies to arterial Class 2 highways as described in Schedule A-4.

Not applicable where limited access

- (2) Notwithstanding subsection (1), this Part does not apply to any highway or part of highway that is designated as a limited access arterial highway pursuant to Part 4 of these regulations. (EC449/99; 141/24)

21.2 Change of use requires closure until permit

Where a municipality or the Minister of Housing, Land and Communities gives permission for a change of use of an existing entrance way, for which no entrance way permit has been issued, the existing entrance way or entrance ways to the parcel of land shall be closed and shall not be reopened until an entrance way permit has been issued by the Minister. (EC449/99; EC699/00; 141/24)

21.3 Reasons for permit

- (1) Subject to section 21.4, the Minister may issue an entrance way permit to authorize placement of a new entrance way or change of use of an existing entrance way to a portion of an arterial Class 2 highway for the purposes of
- (a) the establishment of a single family dwelling, commercial operation or a home occupation on an existing parcel of land where there is not an existing commercial operation;
 - (b) enabling a change of use from one type of commercial operation to another;
 - (c) enabling the creation of not more than one new parcel of land, subdivided from an existing parcel of land for the establishment of a new single family dwelling, commercial operation or home occupation; or
 - (d) enabling the creation of a summer cottage subdivision.

Restrictions

- (1.1) No entrance way permit shall be issued under subsection (1) to authorize the placement of a new entrance way to a portion of an arterial Class 2 highway for the purpose of enabling the creation of a summer cottage subdivision where the property to be subdivided is adjacent to
- (a) a lower class of highway; or
 - (b) a private road of an approved cottage subdivision or subdivisions, when a right-of-way over that private road has been granted to the summer cottage lot owners on connecting properties that would include the lot owners of the proposed summer cottage subdivision.

Conditions

- (2) Notwithstanding any other provision of these regulations, no entrance way permit shall be issued under subsection (1) to enable a commercial operation, a home occupation or creation of a summer cottage subdivision
 - (a) if the location of the entrance way would be on a segment of highway having more than two traffic lanes, unless the location of the entrance way is at a segment of highway that has three lanes and
 - (i) the location is on the same side of the highway with two lanes travelling in the same direction,
 - (ii) one of the three lanes is an exclusive right-turn lane, in which case the entrance way may be located on either side of the highway, or
 - (iii) one of the three lanes is an exclusive left-turn lane, in which case the entrance way may be located on either side of the highway; or
 - (b) if the location of the entrance way would be on a segment of highway having more than three traffic lanes, unless the location of the entrance way is at a segment of highway that has four lanes and the fourth lane is an exclusive left-turn lane on the same side of the highway as the two lanes travelling in the same direction, in which case the entrance way may be located on the side served by the left-turn lane.

Conditions for permit

- (3) A permit issued pursuant to subsection (1) or (2) may be subject to
