22. Separation of police officials

- (1) On notification of an investigation under section 20, a chief officer shall ensure, to the extent practicable, that all police officials are separated from each other until the investigative body or the investigating agency has completed all the interviews with the police officials, unless the person in charge of the investigation directs otherwise.

26. Prior notification regarding status

Before a request is made for notes under section 23 or an interview under section 24, the person in charge of the investigation shall notify, in writing, the chief officer, the police official and the disciplinary authority whether the police official is considered to be a subject officer or a witness officer.
