

Secondary Mathematics Assessment

Reread

Any student participating in the Secondary Mathematics Assessment may request a reread of his/her assessment. A reread involves a qualified marker reviewing the assessment to ensure the marking standard originally intended had been appropriately applied. A clerical re-check of the marks calculation is also carried out. A summary of results will be sent to the parent and to the student's teacher.

If you would like to request a reread, please complete the form below.

The application can be sent to:

Department of Education, Early Learning and Culture
Achievement Division
Holman Centre
250 Water Street, Suite 101,
Summerside, PE
C1N 1B6
902-438-4887

OR

email Laurie Callbeck at alcallbeck@edu.pe.ca. Please place "reread application" in the subject line of the message.
