Declaration And Consent

I/We, the undersigned, declare that the information provided on this application is true and correct to the best of my/our knowledge.

I/We, the undersigned, understand that refusing to submit information or knowingly furnishing false or incomplete information is an offence under the *Drug Cost Assistance Act*.

For the purpose of verifying program eligibility, I/we authorize Health PEI to obtain information from:

- My employer, my insurer, and my plan administrator regarding private insurance coverage;
- The Provincial Health Plan (the Plan) regarding my eligibility for health services and release of my PHN;
- Retail pharmacies, to access prescription drug information in order to verify claims

I/We, the undersigned, agree to notify Health PEI of any changes to the household, insurance coverage, or any other factor which may affect my level or eligibility of coverage.

I/We, the undersigned, hereby consent to the release by the Canada Revenue Agency (CRA), of income, expense and identifying information from income tax returns or from other sources, copies of notices of assessment or reassessment, and copies of information slips (for example, T2202A, T3, T4 and T5 slips) filed with CRA. The information will be relevant to, and used solely for the purpose of determining and verifying my eligibility and entitlement for assistance, and collecting overpayments of assistance under the Drug Cost Assistance Programs identified above.

A parent or legal guardian may provide consent for all dependents under the age of 18.

This authorization is valid for the two taxation years preceding the date of this application, the current taxation year and each subsequent consecutive taxation year for which I apply for assistance under the Drug Cost Assistance Programs identified above.

I understand that there are risks associated with sending personal health information to an unsecured email address, including a risk that my information could be accessed by someone else in transit. I accept the risks and request that Health PEI send my personal health information to me at the email address I have provided.

Name of Applicant	Signature	Date (yyyy/mm/dd)

How do we define “Household”?

A household means a person, the person’s spouse, if the person has a spouse, and any dependants. No person may be considered to be part of more than one household.

How do we define “Spouse”?

A spouse is a person who is married to you or with whom you are living in a marriage-like relationship. A spouse may be of the same gender.

How do we define “Dependant”?

A dependant is a child of a person or the person’s spouse, who

- is under 19 years of age and does not have a spouse, or
- is 19 years of age or over but under 25 years of age, is a full- time student and does not have a spouse;

What if I am single, 19 years of age or over and still living with my family?

If you are 19 years of age or over, and **NOT** a full time student, you must complete your own registration form. If you live with your parents, are NOT a full time student and do not have a spouse or dependents, you are a family of one for our purposes. Do not include your parents’ names or their incomes on your registration form

How do we define “Household Income”?

Household income means the total income of the persons in a household, other than any dependents. For each household member, use Line 15000 (Total Income) from the preceding year’s tax return, and deduct any amounts reported on lines # 21000 (Split–Pension Amount), # 21400 (Child Care Expenses), # 22000 (Support Payments Made). This amount represents each individual’s income for the purpose of Drug Program coverage. Add together the individual amounts for each household member identified above to determine total household income.

How do we calculate coverage under the Glucose Sensor Program?

Take the household income you just calculated, determine which income range you fall under:

Total Household Income Ranges	Estimated co-pay per dispense to be paid at any PEI Pharmacy <i>(every 26 to 35 days depending on sensor type)</i>	
	No private insurance	With private insurance *
\$0 to \$20,000	\$0.00	\$0.00
\$20,001 to \$40,000	\$10.00	\$2.00
\$40,001 to \$50,000	\$20.00	\$4.00
\$50,001 to \$100,000	\$60.00	\$12.00
\$100,001 and above	\$80.00	\$16.00

* If you have private health insurance that provides partial coverage for glucose sensors, your co-payment will be either 20% of a standard copay as noted in the table above or the amount remaining after payment by your private insurance whichever is less:
