

TOURISM PEI Innovation Fund

Program Outline:

The Tourism Innovation Fund provides non-repayable contributions to assist in the research, development and market launch of new PEI tourism products. A primary objective of the Innovation Fund is to support the Prince Edward Island Strategy for Tourism "Tourism Matters, Vision 2021" and the development of product to support the Pillars in the Strategy. Projects supported by the Fund will relate directly to the development or enhancement of product identified in the Strategy. Investments made by the Innovation Fund are intended to strengthen Prince Edward Island's appeal as a destination.

Program Eligibility:

The PEI Tourism Innovation Fund will accept applications from non-profits developing tourism events, and tourism sectoral associations. **Private sector applications are not eligible for assistance.** As well, the fund is not intended to assist on-going marketing or operational needs of organizations including staffing.

Project Assistance:

Financial support provided by the Innovation Fund can not exceed 60% of total project costs. Where applicants are also seeking support from other funding agencies, the level of assistance provided through the Innovation Fund will be determined in the context of overall public sector support. The purpose of the Fund is to assist projects achieve a financial break-even status and the long term goal of each project should be self-sufficiency.

Program Application:

Proposals/Applications are to be submitted by March 1st of each year.

Project Criteria:

In assessing applications to the Tourism Innovation Fund, consideration will be given to the following criteria:

1. The extent to which the project supports the objectives of the "Tourism Matters Vision 2021."

2. The extent to which the project supports the further development of Prince Edward Island's primary market tourism products as identified by government and industry.
3. In the case of major festivals and events, the potential for the new event to attract significant off-Island visitation. Please include and estimate of "off Island" and "on Island" visitation and tracking methods.
4. The ability of the project to extend visitor length of stay, especially in non-peak visitation periods.
5. The availability of research that supports public sector investment in the project and a ROI analysis that justifies public sector support.
6. A concept development plan that is designed for incremental growth and a focus on growing event based revenue streams outside of government. Investments will be made on a declining scale.
7. The existence of sound detailed financial plan for the project that demonstrates private sector and community support to incremental sustainability and benefits to PEI's tourism industry. (See attached template for assistance). A statement indicating assumption of all risk must be included in the financial section.
8. The involvement of community tourism partners both non-profit and private sector through sponsorship, donations, and volunteerism.
9. The proposed method of project evaluation.

Application Process:

This will be a competitive, merit based, process. All projects will be evaluated and successful applicants will be notified of the Department's decision on the distribution of available funding. Once approved, applicants will be forwarded an advance equalling 60% of approved funding. Approval will include the projection of a declining scale of investment by Tourism PEI. The balance may be claimed on or before March 31 of the fiscal year in which the project is approved upon submission of a financial statement, activity report and project evaluation.
