- (m) **“tobacco-related wrong”** means
 - (i) a tort committed in the province by a manufacturer that causes or contributes to tobacco-related disease, or
 - (ii) in an action under subsection 2(1), a breach of a common law, equitable or statutory duty or obligation owed by a manufacturer to persons in the province who have been exposed or might become exposed to a tobacco product;
- (n) **“type of tobacco product”** means one or a combination of the following tobacco products:
 - (i) cigarettes,
 - (ii) loose tobacco intended for incorporation into cigarettes,
 - (iii) cigars,
 - (iv) cigarillos,
 - (v) pipe tobacco,
 - (vi) chewing tobacco,
 - (vii) nasal snuff,
 - (viii) oral snuff,
 - (ix) a prescribed form of tobacco.

“manufacturer”, exclusions

- (2) The definition of **“manufacturer”** in subsection (1) does not include
 - (a) an individual;
 - (b) a person who
 - (i) is a manufacturer only because they are a wholesaler or retailer of tobacco products, and
 - (ii) is not related to
 - (A) a person who manufactures a tobacco product, or
 - (B) a person described in subclause (i) of the definition of **“manufacturer”**; or
 - (c) a person who
 - (i) is a manufacturer only because subclause (ii) or (iii) of the definition of **“manufacturer”** applies to the person, and
 - (ii) is not related to
 - (A) a person who manufactures a tobacco product, or
 - (B) a person described in subclause (i) or (iv) of the definition of **“manufacturer”**.

Meaning of “related”

- (3) For the purposes of subsection (2), a person is related to another person if, directly or indirectly, the person is
 - (a) affiliated with the other person, as described in section 1.1 of the *Companies Act* R.S.P.E.I 1988, Cap. C-14; or
 - (b) an affiliate of the other person or an affiliate of an affiliate of the other person.

Meaning of “affiliate”

- (4) For the purposes of clause (3)(b), a person is an affiliate of another person if the person

- (a) is a corporation and the other person, or a group of persons not dealing with each other at arm's length of which the other person is a member, owns a beneficial interest in shares of the corporation
- (i) carrying at least 50 per cent of the votes for the election of directors of the corporation and the votes carried by the shares are sufficient, if exercised, to elect a director of the corporation, or
 - (ii) having a fair market value, including a premium for control if applicable, of at least 50 per cent of the fair market value of all the issued and outstanding shares of the corporation; or
- (b) is a partnership, trust or joint venture and the other person, or a group of persons not dealing with each other at arm's length of which the other person is a member, has an ownership interest in the assets of that person that entitles the other person or group to receive at least 50 per cent of the profits or at least 50 per cent of the assets on dissolution, winding up or termination of the partnership, trust or joint venture.

Deemed affiliate

- (5) For the purposes of clause (3)(b), a person is deemed to be an affiliate of another person if the other person, or a group of persons not dealing with each other at arm's length of which the other person is a member, has any direct or indirect influence that, if exercised, would result in control in fact of that person except if the other person deals at arm's length with that person and derives influence solely as a lender.

Formula for determining market share

- (6) For the purposes of determining the market share of a defendant for a type of tobacco product sold in the province, the court must calculate the defendant's market share for the type of tobacco product by the following formula:

$$\text{dms} = \frac{\text{dm}}{\text{MM}} \times 100\%$$

where

dms = the defendant's market share for the type of tobacco product from the date of the earliest tobacco-related wrong committed by that defendant to the date of trial;

dm = the quantity of the type of tobacco product manufactured or promoted by the defendant that is sold within the province from the date of the earliest tobacco-related wrong committed by that defendant to the date of trial;

MM = the quantity of the type of tobacco product manufactured or promoted by all manufacturers that is sold within the province from the date of the earliest tobacco-related wrong committed by the defendant to the date of trial. *2009, c.22, s.1; 2022, c.62, s.66.*

2. Direct action by the province

- (1) The Government has a direct and distinct action against a manufacturer to recover the cost of health care benefits caused or contributed to by a tobacco-related wrong.

Action not subrogated

- (2) An action under subsection (1) is brought by the Government in its own right and not on the basis of a subrogated claim.

Action independent of recovery by others

- (3) In an action under subsection (1), the Government may recover the cost of health care benefits whether or not there has been any recovery by other persons who have suffered damage caused or contributed to by the tobacco-related wrong committed by the defendant.

Recovery for individuals or on aggregate basis

- (4) In an action under subsection (1), the Government may recover the cost of health care benefits
- (a) for particular individual insured persons; or
 - (b) on an aggregate basis, for a population of insured persons as a result of exposure to a type of tobacco product.

Evidence and procedure in action brought on aggregate basis

- (5) Where the Government seeks, in an action under subsection (1), to recover the cost of health care benefits on an aggregate basis,
- (a) it is not necessary
 - (i) to identify particular individual insured persons,
 - (ii) to prove the cause of tobacco-related disease in any particular individual insured person, or
 - (iii) to prove the cost of health care benefits for any particular individual insured person;
 - (b) the health care records and documents of particular individual insured persons or the documents relating to the provision of health care benefits for particular individual insured persons are not compellable except as provided under a rule of law, practice or procedure that requires the production of documents relied on by an expert witness;
 - (c) a person is not compellable to answer questions with respect to the health of, or the provision of health care benefits for, particular individual insured persons;
 - (d) notwithstanding clauses (b) and (c), on application by a defendant, the court may order discovery of a statistically meaningful sample of the documents referred to in clause (b) and the order shall include directions concerning the nature, level of detail and type of information to be disclosed; and
 - (e) if an order is made under clause (d), the identity of particular individual insured persons shall not be disclosed and all identifiers that disclose or may be used to trace the names or identities of any particular individual insured persons shall be deleted from any documents before the documents are disclosed. *2009,c.22,s.2; 2022,c.62,s.66.*

3. Recovery of cost of health care benefits

- (1) In an action under subsection 2(1) for the recovery of the cost of health care benefits on an aggregate basis, subsection (2) applies if the Government proves, on a balance of probabilities, that, in respect of a type of tobacco product,
- (a) the defendant breached a common law, equitable or statutory duty or obligation owed to persons in the province who have been exposed or might become exposed to the type of tobacco product;
 - (b) exposure to the type of tobacco product can cause or contribute to disease; and
 - (c) during all or part of the period of the breach referred to in clause (a), the type of tobacco product, manufactured or promoted by the defendant, was offered for sale in the province.

Presumptions

- (2) Subject to subsections (1) and (4), the court shall presume that
- (a) the population of insured persons who were exposed to the type of tobacco product, manufactured or promoted by the defendant, would not have been exposed to the product but for the breach referred to in clause (1)(a); and
 - (b) the exposure described in clause (a) caused or contributed to disease or the risk of disease in a portion of the population described in clause (a).

Effect of presumptions

- (3) Where the presumptions under clauses (2)(a) and (b) apply,
- (a) the court shall determine, on an aggregate basis, the cost of health care benefits provided after the date of the breach referred to in clause (1)(a) resulting from exposure to the type of tobacco product; and
 - (b) each defendant to which the presumptions apply is liable for the proportion of the aggregate cost referred to in clause (a) equal to its market share in the type of tobacco product.

Reduction or readjustment

- (4) The amount of a defendant's liability assessed under clause (3)(b) may be reduced, or the proportions of liability assessed under clause (3)(b) readjusted among the defendants, to the extent that a defendant proves, on a balance of probabilities, that the breach referred to in clause (1)(a) did not cause or contribute to the exposure referred to in clause (2)(a) or to the disease or risk of disease referred to in clause (2)(b). *2009,c.22,s.3; 2022,c.62,s.66*

4. Joint and several liability

- (1) Two or more defendants in an action under subsection 2(1) are jointly and severally liable for the cost of health care benefits if
- (a) those defendants jointly breached a duty or obligation described in the definition of "tobacco-related wrong" in clause 1(1)(m); and
 - (b) as a consequence of the breach described in clause (a), at least one of those defendants is held liable in the action under subsection 2(1) for the cost of those health care benefits.

Joint breach

- (2) For the purposes of an action under subsection 2(1), two or more manufacturers, whether or not they are defendants in the action, are deemed to have jointly breached a duty or obligation described in the definition of "tobacco-related wrong" in clause 1(1)(m) if
- (a) one or more of those manufacturers are held to have breached the duty or obligation; and
 - (b) at common law, in equity or under an enactment those manufacturers would be held
 - (i) to have conspired or acted in concert with respect to the breach,
 - (ii) to have acted in a principal and agent relationship with each other with respect to the breach, or
 - (iii) to be jointly or vicariously liable for the breach if damages would have been awarded to a person who suffered as a consequence of the breach. *2009,c.22,s.4.*

5. Population based evidence

Statistical information and information derived from epidemiological, sociological and other relevant studies, including information derived from sampling, is admissible as evidence for the purposes of establishing causation and quantifying damages or the cost of health care benefits respecting a tobacco-related wrong in an action brought

- (a) by the Government under subsection 2(1); or
- (b) by or on behalf of a person in the person's own name. 2009,c.22,s.5; 2022,c.62,s.66.

6. Limitation periods

- (1) No action that is commenced within two years after the coming into force of this section by
 - (a) the Government;
 - (b) a person, on his or her own behalf; or
 - (c) a personal representative of the estate of a deceased person on behalf of a dependant, as defined in the *Fatal Accidents Act* R.S.P.E.I. 1988, Cap. F-5, of the deceased person,

for damages, or the cost of health care benefits, alleged to have been caused or contributed to by a tobacco-related wrong is barred under the *Statute of Limitations* R.S.P.E.I. 1988, Cap. S-7 or the *Fatal Accidents Act* or by a limitation period under any other Act.

Certain actions revived

- (2) Any action described in subsection (1) for damages alleged to have been caused or contributed to by a tobacco-related wrong is revived if the action was dismissed before the coming into force of this section merely because it was held by a court to be barred or extinguished by the *Statute of Limitations* or by the *Fatal Accidents Act* or by a limitation period under any other Act. 2009,c.22,s.6; 2022,c.62,s.66.

7. Liability based on risk contribution

- (1) This section applies to an action for damages, or the cost of health care benefits, alleged to have been caused or contributed to by a tobacco-related wrong other than an action for the recovery of the cost of health care benefits on an aggregate basis.

Two or more defendants

- (2) If a plaintiff is unable to establish which defendant caused or contributed to the exposure described in clause (b) and, as a result of a breach of a common law, equitable or statutory duty or obligation,
 - (a) one or more defendants caused or contributed to a risk of disease by exposing persons to a type of tobacco product; and
 - (b) the plaintiff has been exposed to the type of tobacco product referred to in clause (a) and suffers disease as a result of the exposure,

the court may find each defendant that caused or contributed to the risk of disease liable for a proportion of the damages or cost of health care benefits incurred equal to the proportion of its contribution to that risk of disease.

Considerations

- (3) The court may consider the following in apportioning liability under subsection (2):
 - (a) the length of time a defendant engaged in the conduct that caused or contributed to the risk of disease;

- (b) the market share the defendant had in the type of tobacco product that caused or contributed to the risk of disease;
- (c) the degree of toxicity of any toxic substance in the type of tobacco product manufactured or promoted by a defendant;
- (d) the amount spent by a defendant on promoting the type of tobacco product that caused or contributed to the risk of disease;
- (e) the degree to which a defendant collaborated or acted in concert with other manufacturers in any conduct that caused, contributed to or aggravated the risk of disease;
- (f) the extent to which a defendant conducted tests and studies to determine the risk of disease resulting from exposure to the type of tobacco product;
- (g) the extent to which a defendant assumed a leadership role in manufacturing the type of tobacco product;
- (h) the efforts a defendant made to warn the public about the risk of disease resulting from exposure to the type of tobacco product;
- (i) the extent to which a defendant continued manufacture or promotion of the type of tobacco product after the defendant knew or ought to have known of the risk of disease resulting from exposure to the type of tobacco product;
- (j) affirmative steps that a defendant took to reduce the risk of disease to the public;
- (k) other factors considered relevant by the court. *2009,c.22,s.7.*

8. Apportionment of liability in tobacco-related wrongs

- (1) This section does not apply to a defendant in respect of whom the court has made a finding of liability under section 7.

Action or proceeding for contribution

- (2) A defendant who is found liable for a tobacco-related wrong may commence, against one or more of the defendants found liable for that wrong in the same action, an action or proceeding for contribution toward payment of the damages or the cost of health care benefits caused or contributed to by that wrong.

Action or proceeding may be commenced even if damages or costs not paid

- (3) Subsection (2) applies whether or not the defendant commencing an action or proceeding under that subsection has paid all or any of the damages or the cost of health care benefits caused or contributed to by the tobacco-related wrong.

Apportioning liability and contributions, factors

- (4) In an action or proceeding described in subsection (2), the court may apportion liability and order contribution among each of the defendants in accordance with the considerations listed in clauses 7(3)(a) to (k). *2009,c.22,s.8.*

9. Regulations

The Lieutenant Governor in Council may make regulations

- (a) prescribing a form of tobacco for the purposes of subclause (i) of the definition of “type of tobacco product” in clause 1(1)(n);
- (b) providing for administrative and procedural matters for which no express, or only partial, provision has been made;

- (c) defining any word or expression used in this Act or the regulations that is not defined in this Act;
- (d) respecting any other matter or thing that the Lieutenant Governor in Council considers necessary or advisable to carry out effectively the intent and purpose of this Act. *2009,c.22,s.9.*

10. Retroactive effect

When brought into force under section 11, a provision of this Act has the retroactive effect necessary to give the provision full effect for all purposes, including allowing an action to be brought under subsection 2(1) arising from a tobacco-related wrong, whenever the tobacco-related wrong occurred. *2009,c.22,s.10.*
