LOCAL 1079A, C. & G.L.U.

APPLICANT;

-and-

DIAMOND CONSTRUCTION (1961) LTD.

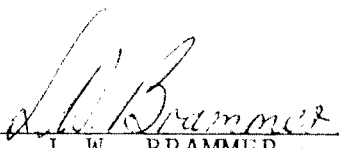

RESPONDENT.

This application was received by the Board on November 22, 1973. Due to weather conditions effecting work at the site, the Board postponed consideration of the application on December 7, 1973 to a date to coincide with the resumption of work at the site.

On May 16, 1974, the Board advised the parties that it had reopened its consideration of the application and that it would receive evidence of membership support and such other representations as would be deemed appropriate until June 7, 1974.

The Board has received no additional evidence pertinent to the above matter and, after due consideration, has dismissed the application.

This Decision was made by the Labour Relations Board on June 10, 1974 and is issued over the signature of its Chief Executive Officer.

L.W. BRAMMER
CHIEF EXECUTIVE OFFICER.
