the government under section 11 of the Act.

12. These regulations come into force on January 1, 2007.

EXPLANATORY NOTES

SECTION 1 revokes the definitions for the terms “financial resources”,
“liquid assets” and “principal residence”. It also adds a definition for the
term “assessed income” and drops a reference in another definition to the
principal residence of an applicant.

SECTION 2 revokes an unneeded provision that permits the Lieutenant
Governor in Council to review the rates of assistance the Lieutenant
Governor in Council establishes under the Act.

SECTION 3 clarifies that a person who wishes to obtain financial
assistance must submit an application for such assistance to the Director.
The section also corrects a reference to a provision of the Act and
indicates that an applicant is required to supply such information, in
support of an application, as is required by the Director.

The section requires the applicant to submit certain taxation returns and
notices of assessment with his or her application, but also indicates that a
failure to supply such documents does not render the person ineligible for
financial assistance.

SECTION 4 amends a provision that currently requires the Director to
examine the financial resources of an applicant. The amendments in this
section switch the focus to the income and assessed income of the
applicant.

SECTION 5 replaces the provision in the regulations that sets out the
rule governing the determination of when a person is a “person in need”.
The new provision drops the current references to the “costs of care” and
to the “value of the financial resources” of the applicant. Under the new
provision the test for need is whether the amount of accommodation
assistance needed by an applicant exceeds the applicant’s assessed
income.

SECTION 6 replaces most of the current provision dealing with the
calculation of the financial resources of the applicant. The amendments
in this section set out a rule for determining the assessed income of an
applicant on the basis of the taxation documents provided by the
applicant.

SECTION 7 indicates which types of income of an applicant are not to
be included in the determination of the applicant’s assessed income.

SECTION 8 amends the provision under which the Director grants
financial assistance. The amendments delete wording in the provision
that indicates that the assistance is granted for care and room and board
and that the assistance constitutes a debt due to the government. The
section also makes some amendments to clarify that the Director shall
reassess a person’s eligibility for assistance when there is a change in his
or her financial situation. The section clarifies that the Director shall bill
an applicant for any assistance provided during a period when the
applicant was not a person in need.
SECTION 9 indicates that the Director may refuse to grant financial assistance to an applicant where the applicant has transferred or reduced income within two years of the date of his or her application for assistance.

SECTION 10 revokes the current provision requiring an applicant to enter into an agreement concerning the repayment of assistance.

SECTION 11 requires the Director to determine the amount of debt due by an applicant to the government where the applicant receives financial assistance when the applicant is no longer a person in need or no longer requires the same level of assistance.

SECTION 12 provides for the commencement of these regulations.

Type of Establishment: Fixed Roof | Campground

Notes:

If your establishment consists of both a fixed-roofed accommodation and campground, you must file a separate return for each.

Section 3 – Supply of Accommodation Units Available This Month

A. Number of accommodation units available:

B. Number of nights establishment open this month:

Total supply of units available this month: A x B

Example to calculate units available: If a cottage establishment has 10 cottages available, then the number of units available should be 10. The number of cottages available in this example would be 6.

Notice: Winter rentals do not include units available or rented. Under the Tourism Industry Act, a winter rental means an establishment that provides temporary accommodation for a guest for a continuous period of more than one month and therefore is not defined by law as a tourism establishment.
Section 4 – Nights Rented and Geographic Origin Data
Please provide the number of accommodation-unit nights rented by geographic origin.

**Example to calculate geographic origins:** If a cottage establishment rents a total of 3 cottages for 5 nights to residents of Ontario in July, then 15 (3 cottages x 5 nights) should be entered in the space for Ontario.

**Motorcoach:** Please indicate (on the right) the number of rooms rented to motorcoach. (Do not enter rooms rented for motorcoach in the columns below under the Canada, United States or International headings. The geographic origin of each motorcoach guest is not required.)
