Pursuant to section 8 of the Liquor Control Act R.S.P.E.I. 1988, Cap. L-14, Council made the following regulations:

1. Clause 14(1)(e) of the Liquor Control Act Regulations (EC704/75) is revoked and the following substituted:
   (e) seating shall be provided that is sufficient to seat the number of persons set out in the capacity permit issued for the dining room under the Fire Prevention Act, R.S.P.E.I. 1988, Cap. F-11;

2. Clause 23(c) of the regulations is revoked.

3. Section 74 of the regulations is revoked and the following substituted:
   74. (1) A licensee who holds a dining room license, or both a dining room license and a lounge license, shall, when requested by the Commission, provide to the Commission a report in such form as the Commission may require showing the separate gross retail values of liquor and food sold on the licensed premises.

   (2) A licensee who holds a dining room license, but not a lounge license, shall ensure, as a condition of the license, that the gross retail sales value of all of the liquor sold in the dining room in any year does not exceed the gross retail sales value of all of the food sold in the dining room during the year.

   (3) A licensee who holds both a dining room and lounge license shall ensure, as a condition of both licenses, that the gross retail sales value of all of the liquor sold in the dining room and lounge in any year does not exceed 30% of the gross retail sales value of all of the food sold in the dining room and lounge during the year.

4. These regulations come into force on February 24, 2007.

EXPLANATORY NOTES

SECTION 1 clarifies the amount of seating that a licensee needs in respect of a dining room. Currently a licensee has to have, as a minimum, seating for thirty persons. The proposed amendment will require seating...
sufficient for the number of persons set out in the capacity permit issued for the dining room under the Fire Prevention Act.

SECTION 2 revokes a provision that requires the holder of a lounge license to report liquor and food sales to the Commission on an annual basis. This approach is not wanted and is inconsistent with an amendment effected by section 3 of these regulations.

SECTION 3 clarifies that that a licensee who holds either a dining room license, or a dining room license and a lounge license, must report liquor and food sales to the Commission only when requested by the Commission. This section also explains that such a licensee must ensure that the gross retail sales value of all liquor sold in his or her licensed premises during a year must not exceed a specified percentage of the gross retail sales value of all food sold in the premises during that year.

SECTION 4 provides for the commencement of these regulations.
