**9. Section 24 of the regulations is amended by the deletion of the word “owned” and the substitution of the word “managed”.**

**10. The heading immediately before section 27 of the regulations and sections 27 and 28 of the regulations are revoked.**

**11. Section 32 of the regulations is amended by the deletion of the word “owned” and the substitution of the word “managed”.**

**12. These regulations come into force on October 26, 2013.**

#### EXPLANATORY NOTES

**SECTION 1** corrects a reference, in the definition of the “Highway Safety Division”, to the Department of Transportation and Infrastructure Renewal to recognize its new name.

The section also amends the current description of a school bus in the definition of “school bus driver” to refer to such buses as being “assigned to” a school board. They are currently referred to as being “owned or leased” by a school board. This change is required to recognize the amendments of this Spring to the *School Act* under which the assets and liabilities of school boards were transferred to the Government.

**SECTION 2** deletes an out-dated reference to the former Department of Transportation and Public Works.

**SECTION 3** makes a minor amendment to describe a “substitute driver” as a “substitute school bus driver”. The latter term is more consistent with other wording in the current regulations.

**SECTION 4** amends a provision scheduling the regular medical examinations required of school bus drivers to drop wording that indicates that such drivers do not need to have examinations after they are 65 years old.

The section also requires a school bus driver over 60 years of age to have a medical examination every year, and it clarifies that a school board may, at any time, require a school bus driver to be examined by a medical practitioner chosen by the school board.

In addition, the section makes a number of minor wording changes to provide for the consistent use of the term “school bus driver” and to replace references to the term “physician” with the reference to the correct term “medical practitioner”.

**SECTION 5** eliminates the current requirement for school bus drivers to retire when they reach 65 years of age.

The section also indicates that a school board shall not continue to employ a school bus driver if, after reviewing a report respecting a medical examination of the driver, the school board is satisfied that the driver cannot safely fulfil all of his or her responsibilities.

**SECTION 6** clarifies that a school bus driver shall conduct annually, and whenever else required by the school board, a simulated emergency evacuation of students from a school bus.

**SECTIONS 7, 9 and 11** make a minor wording change to descriptions of a school bus to refer to the bus as being “managed” by a school board rather than “owned” by a school board. These amendments are required to recognize the amendments made to the *School Act* this Spring, which transferred ownership of such buses to the Government.

**SECTION 8** corrects a reference to a provision of the regulations.

**SECTION 10** revokes provisions of the current regulations that address the purchase and sale of school buses by a school board. As school boards will no longer purchase or own school buses, these provisions are no longer necessary.

**SECTION 12** provides for the commencement of these regulations.
