Pursuant to section 25 of the Environmental Protection Act R.S.P.E.I. 1988, Cap. E-9, Council made the following regulations:

1. Section 1 of the Waste Resource Management Regulations (EC691/00) is amended

   (a) by the revocation of clause (p) and the substitution of the following:
(p) “C & D debris” means materials not of a hazardous nature which are normally used in the construction of buildings, structures and walls, and other landscaping materials, and includes but is not limited to asphalt roofing materials, brick, mortar, drywall, plaster, cellulose, fibreglass fibres, gyproc, lumber and wood, but excludes (i) chemically treated lumber and wood, or
(ii) lumber or wood covered in a protective coating containing concentrations of lead that does not pass a lead leachate test;

(b) in clause (bb), by the deletion of the words “C & D debris and”;

(c) in subclause (gg)(xii) by the deletion of the words “Trigen Energy From Waste” and the substitution of the words “PEI Energy Systems”;

(d) in clause (gg.1),
(i) in subclause (i), by the addition of the words “with asbestos fibres or asbestos dust in a concentration greater than 1% by weight” after the words “asbestos-containing material”,
(ii) by the revocation of subclause (xi) and the substitution of the following:
(x) creosoted or pressure-treated material, including (A) chemically treated lumber and wood, and (B) lumber or wood covered in a protective coating containing concentrations of lead that does not pass a lead leachate test,

(iii) in subclause (xiii), by the deletion of the semicolon and the substitution of a comma, and

(iv) by the addition of the following after subclause (xiii):
(xiv) any other waste or material that in the opinion of the Minister is appropriate for disposal as special waste;

2. Section 59 of the regulations is revoked and the following substituted:

59. The following types of C & D debris may be disposed of in an excavation pit operated under a permit pursuant to the Environmental Protection Act Excavation Pits Regulations (EC753/90) if the placement of the materials is in accordance with the pit restoration plan approved by the Minister under those regulations:
(a) bricks;
(b) mortar;
(c) concrete masonry;
(d) asphalt pavement.

3. These regulations come into force on August 30, 2014.

EXPLANATORY NOTES

SECTION 1 amends certain definitions in section 1 of the regulations. The definition of “C & D debris” is being clarified as excluding wood or lumber that has been treated or coated with a protective coating containing concentrations of lead that does not pass a lead leachate test. The name of the Trigen Energy From Waste plant is being updated to the PEI Energy Systems plant, and the definition of “special waste” is being amended to clarify that materials containing a concentration of asbestos dust or asbestos fibres greater than 1% by weight, and other materials that in the opinion of the Minister are appropriate for disposal as special waste, must be treated as special waste.

SECTION 2 revokes section 59 of the regulations and substitutes a new section 59 which specifies 4 types of C & D debris that may be disposed of in an excavation pit rather than in a C & D disposal site. The excavation pit must be one that is operated under a permit pursuant to the Environmental Protection Act Excavation Pits Regulations and the placement of the materials must be in accordance with the pit restoration plan approved by the Minister under those regulations.

SECTION 3 provides for the commencement of these regulations.
