(c) successful completion of a refresher program in medical laboratory technology approved by the registrar.

14. (1) For the purpose of this Part and clause 25(3)(c) of the Act, where required, an applicant or medical laboratory technologist, as the case may be, shall hold or be covered by professional liability insurance or protection with coverage of not less than $2,000,000 per claim or occurrence and an aggregate limit of not less than $2,000,000 excluding legal or court costs.

(2) Proof of professional liability insurance that meets the requirements of subsection (1) shall be provided to the registrar in the form of a certificate of insurance issued by the insurer.

15. (1) For the purpose of this Part, the requirements for continuing education and competency are the participation in and successful completion of the continuing competency program for medical laboratory technologists established by the Council pursuant to section 60.1 of the Act.

(2) A medical laboratory technologist registered in the general registration part of the register shall

(a) keep a record in a form satisfactory to the registrar of the activities that the medical laboratory technologist undertakes for the purpose of this section; and

(b) provide copies of the record referred to in clause (a) on the request of and in accordance with the directions of the registrar.

Designations and Reserved Activities

16. For the purpose of subsection 89(1) of the Act, the designations of a medical laboratory technologist include the following titles, abbreviations and initials:

(a) medical laboratory technologist;

(b) registered medical laboratory technologist;

(c) MLT or RMLT.

17. (1) Subject to subsections (2) and (3) and any terms or conditions on the medical laboratory technologist’s registration, a medical laboratory technologist is authorized to perform the following reserved activities:

(a) performing a procedure on tissue below the dermis for the purpose of taking a blood sample from a vein or by skin pricking;

(b) applying electrical energy for the purpose of administering a sweat chloride test.

(2) A medical laboratory technologist shall not perform a reserved activity set out in subsection (1) except pursuant to

(a) an order made by

(i) a person authorized to practise as a medical practitioner or a nurse practitioner under the laws of this province or another Canadian jurisdiction, or

(ii) a person authorized to practise as a dentist under the laws of this province; or

(b) a hospital protocol.

(3) A medical laboratory technologist registered in the provisional registration part of the register shall not perform a reserved activity set out in subsection (1) except under the supervision of a medical laboratory technologist registered in the general registration part or the special registration part of the register.

PART 3 – MEDICAL RADIATION TECHNOLOGISTS

Registration

18. (1) The register for medical radiation technology is divided into the following parts by type of registration and discipline, respectively:

(a) general registration

(i) magnetic resonance imaging,

(ii) nuclear medicine,
(iii) radiation therapy,  
(iv) radiography;  
(b) provisional registration  
(i) magnetic resonance imaging,  
(ii) nuclear medicine,  
(iii) radiation therapy,  
(iv) radiography;  
(c) special registration  
(i) magnetic resonance imaging,  
(ii) nuclear medicine,  
(iii) radiation therapy,  
(iv) radiography.

(2) A medical radiation technologist shall be registered in the technologist’s primary discipline and may be registered in one or more secondary disciplines, in accordance with the technologist’s qualifications.

19. An applicant for general registration under this Part shall  
(a) for the purpose of clause 12(2)(c) of the Act, meet the education requirement set out in section 25;  
(b) for the purpose of clause 12(2)(d) of the Act, have successfully completed the examinations set out in subsection 26(1);  
(c) for the purpose of clause 12(2)(f) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 27; and  
(d) for the purpose of clause 12(2)(j) of the Act, hold or be covered by professional liability insurance or protection as required in section 28.

20. (1) A medical radiation technologist registered in the provisional registration part of the register shall be supervised in practising a discipline of medical radiation technology by a medical radiation technologist registered in the general registration part or special registration part of the register in that discipline, approved by the Council.

(2) Provisional registration is not subject to reinstatement. No reinstatement.

21. (1) Where the Council directs the registrar to register an applicant under this Part pursuant to subsection 13(3) of the Act, the registrar shall register the applicant in the special registration part of the register in the appropriate primary discipline and secondary discipline, if applicable.

(2) Special registration is not subject to renewal or reinstatement. No renewal or reinstatement.

Renewal of Registration

22. An applicant for the renewal of general registration under this Part shall  
(a) for the purpose of subclause 22(2)(a)(i) of the Act, fulfil the requirements for continuing education and competency set out in subsection 29(1);  
(b) for the purpose of subclause 22(2)(a)(ii) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 27; and  
(c) for the purpose of subclause 22(2)(a)(v) of the Act, hold or be covered by professional liability insurance or protection as required in section 28.

23. An applicant for the renewal of provisional registration under this Part shall
(a) for the purpose of subclause 22(2)(a)(ii) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 27; and
(b) for the purpose of subclause 22(2)(a)(v) of the Act, hold or be covered by professional liability insurance or protection as required in section 28.

Reinstatement of Registration

24. (1) For the purpose of subsection 24(1) of the Act, the maximum prescribed period of time following a lapse in general registration under this Part during which a person may apply for reinstatement is three years.

(2) An applicant for the reinstatement of general registration under this Part shall
(a) for the purpose of clause 24(4)(c) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 27; and
(b) for the purpose of clause 24(4)(f) of the Act, hold or be covered by professional liability insurance or protection as required in section 28.

Prescribed Requirements

25. For the purpose of this Part, the requirement with respect to education is the successful completion of
(a) a post-secondary diploma program or baccalaureate degree program, of at least two years’ duration, in medical radiation technology with a focus on at least one discipline at a Canadian post-secondary educational institution, approved by the Council; or
(b) education activities considered substantially similar to the requirements in clause (a) by the Canadian Association of Medical Radiation Technologists.

26. (1) For the purpose of this Part, the required examinations are
(a) the certification examination administered by the Canadian Association of Medical Radiation Technologists or other competency exam approved by the Council; and
(b) a provincial examination established or adopted by the Council to assess knowledge and understanding of the jurisprudence, ethical standards and standards of practice governing medical radiation technology in the province.

(2) The successful completion of an examination referred to in subsection (1) means
(a) in respect of the certification examination, passing the examination in not more than four attempts within the time frame required by the Canadian Association of Medical Radiation Technologists;
(b) in respect of a competency examination approved by the Council, meeting the minimum standard established by the examination administrator; and
(c) in respect of the provincial examination, meeting the minimum standard established by the Council.

27. (1) For the purpose of this Part, to demonstrate currency of professional knowledge and skills in the applicant’s primary discipline, an applicant shall meet one of the following requirements within the three years immediately preceding the date of the application:
(a) successful completion of the educational requirement set out in section 25, with a primary focus on the applicant’s primary discipline;
(b) active practice in the applicant’s primary discipline without any restrictions for at least 600 hours;
(c) successful completion of a refresher program in the applicant’s primary discipline, approved by the registrar.

(2) For the purpose of this Part, to demonstrate currency of professional knowledge and skills in the applicant’s secondary discipline,
an applicant shall meet one of the following requirements within the three years immediately preceding the date of the application:
(a) successful completion of the educational requirement set out in section 25, with a secondary focus on the secondary discipline;
(b) active practice in the secondary discipline without any restrictions for at least 160 hours;
(c) successful completion of a refresher program in the secondary discipline, approved by the registrar.

28. (1) For the purpose of this Part and clause 25(3)(c) of the Act, where required, an applicant or a medical radiation technologist, as the case may be, shall hold or be covered by professional liability insurance under a policy that provides coverage of not less than $2,000,000 per claim or occurrence and an aggregate limit of not less than $2,000,000 excluding legal or court costs.

(2) Proof of professional liability insurance that meets the requirements of subsection (1) shall be provided to the registrar in the form of a certificate of insurance issued by the insurer.

29. (1) For the purpose of this Part, the requirements for continuing education and competency are the participation in and successful completion of the continuing competency program in medical radiation technology established by the Council pursuant to section 60.1 of the Act.

(2) A medical radiation technologist registered in the general registration part shall
(a) keep a record in a form satisfactory to the registrar of the activities that the medical radiation technologist undertakes for the purpose of this section; and
(b) provide copies of the record referred to in clause (a) on the request of and in accordance with the directions of the registrar.

Designations and Reserved Activities

30. For the purpose of subsection 89(1) of the Act, the designations of a medical radiation technologist include the following titles, abbreviations and initials:
(a) where the technologist is registered in the discipline of magnetic resonance imaging, MRT(MR);
(b) where the technologist is registered in the discipline of nuclear medicine, MRT(N);
(c) where the technologist is registered in the discipline of radiation therapy, MRT(T);
(d) where the technologist is registered in the discipline of radiography, MRT(R).

31. (1) Subject to subsections (6) and (7) and any terms or conditions on the medical radiation technologist’s registration, a medical radiation technologist is authorized to perform the reserved activities set out in this section in accordance with the discipline or disciplines in which the technologist is registered.

(2) A medical radiation technologist registered in the discipline of magnetic resonance imaging is authorized to perform the following reserved activities in that discipline:
(a) performing a procedure on tissue below the dermis for the purpose of starting an intravenous line;
(b) administering a drug or diagnostic imaging contrast agent by any means for the purpose of conducting a diagnostic scan and imaging of body tissue;
(c) putting an instrument, hand or finger
   (i) beyond the opening of the urethra, or
   (ii) beyond the anal verge;
(d) applying electromagnetic or sound energy in the form of non-ionizing radiation.

(3) A medical radiation technologist registered in the discipline of nuclear medicine is authorized to perform the following reserved activities in that discipline:
(a) performing a procedure on tissue below the dermis for the purpose of starting an intravenous line or taking a blood sample from a vein;
(b) administering a radiopharmaceutical, radiolabelled substance, radioactive gas or radioaerosol by any means for a diagnostic or therapeutic purpose;
(c) putting an instrument beyond the opening of the urethra;
(d) applying electrical energy in the form of ionizing radiation.

Reserved activities, MRT(T)

(4) A medical radiation technologist registered in the discipline of radiation therapy is authorized to perform the following reserved activities in that discipline:

(a) performing a procedure on tissue below the dermis for the purpose of starting an intravenous line;
(b) administering a drug or diagnostic imaging contrast agent by any means;
(c) putting an instrument, hand or finger
   (i) beyond the external ear canal,
   (ii) beyond the opening of the urethra,
   (iii) beyond the labia majora,
   (iv) beyond the anal verge, or
   (v) into an artificial opening into the body;
(d) applying electrical energy in the form of ionizing radiation.

Reserved activities, MRT(R)

(5) A medical radiation technologist registered in the discipline of radiography is authorized to perform the following reserved activities in that discipline:

(a) performing a procedure on tissue below the dermis for the purpose of starting an intravenous line;
(b) administering a drug or diagnostic imaging contrast agent for the purpose of conducting a diagnostic scan and imaging of body tissue;
(c) putting an instrument, hand or finger
   (i) beyond the opening of the urethra,
   (ii) beyond the anal verge, or
   (iii) into an artificial opening into the body;
(d) applying electrical and sound energy in the form of ionizing or non-ionizing radiation.

(6) A medical radiation technologist shall not perform a reserved activity except pursuant to

(a) an order made by
   (i) a person authorized to practise as a medical practitioner or a nurse practitioner under the laws of this province or another Canadian jurisdiction, or
   (ii) a person authorized to practise as a dentist under the laws of this province; or
(b) a hospital protocol.

(7) A medical radiation technologist registered in the provisional registration part of the register shall not perform a reserved activity except under the supervision of a medical radiation technologist registered in the general registration part or the special registration part of the register in the same discipline in which the reserved activity is being performed.

PART 4 – RESPIRATORY THERAPISTS

Registration

32. The register for respiratory therapy is divided into the following parts:

(a) general registration;
(b) provisional registration;
(c) special registration.

33. An applicant for general registration under this Part shall

(a) for the purpose of clause 12(2)(c) of the Act, meet the education requirement set out in section 59;
(b) for the purpose of clause 12(2)(d) of the Act, have successfully completed the examinations set out in subsection 40(1);
(c) for the purpose of clause 12(2)(f) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 41; and
(d) for the purpose of clause 12(2)(j) of the Act, hold or be covered by professional liability insurance or protection as required in section 42.

34. (1) An applicant for provisional registration under this Part shall
(a) for the purpose of clause 12(2)(c) of the Act, meet the education requirement set out in section 39;
(b) for the purpose of clause 12(2)(f) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 41; and
(c) for the purpose of clause 12(2)(j) of the Act, hold or be covered by professional liability insurance or protection as required in section 42.

(2) A respiratory therapist registered in the provisional registration part of the register shall be supervised in practising respiratory therapy by a respiratory therapist registered in the general registration part or special registration part of the register, approved by the Council.

(3) Provisional registration is not subject to reinstatement.

35. (1) Where the Council directs the registrar to register an applicant under this Part pursuant to subsection 13(3) of the Act, the registrar shall register the applicant in the special registration part of the register.

(2) Special registration is not subject to renewal or reinstatement.

Renewal of Registration

36. An applicant for the renewal of general registration under this Part shall
(a) for the purpose of subclause 22(2)(a)(i) of the Act, fulfil the requirements for continuing education and competency set out in subsection 43(1);
(b) for the purpose of subclause 22(2)(a)(ii) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 41; and
(c) for the purpose of subclause 22(2)(a)(v) of the Act, hold or be covered by professional liability insurance or protection as required in section 42.

37. An applicant for the renewal of provisional registration under this Part shall
(a) for the purpose of subclause 22(2)(a)(ii) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 41; and
(b) for the purpose of subclause 22(2)(a)(v) of the Act, hold or be covered by professional liability insurance or protection as required in section 42.

Reinstatement of Registration

38. (1) For the purpose of subsection 24(1) of the Act, the maximum prescribed period of time following a lapse in general registration under this Part during which a person may apply for reinstatement is three years.

(2) An applicant for the reinstatement of general registration under this Part shall
(a) for the purpose of clause 24(4)(c) of the Act, demonstrate currency of professional knowledge and skills in accordance with section 41; and
(b) for the purpose of clause 24(4)(f) of the Act, hold or be covered by professional liability insurance or protection as required in section 42.
Prescribed Requirements

39. For the purpose of this Part, the requirement with respect to education is
   (a) the successful completion of a post-secondary diploma or baccalaureate degree program in respiratory therapy provided at a Canadian post-secondary educational institution, approved by the Council; or
   (b) qualifications that the Council considers to be substantially equivalent to the requirements in clause (a).

40. (1) For the purpose of this Part, the required examinations are
   (a) the national respiratory therapy examination established by the Canadian Board for Respiratory Care or other competency exam approved by the Council; and
   (b) a provincial examination established or adopted by the Council to assess knowledge and understanding of the jurisprudence, ethical standards and standards of practice governing respiratory therapy in the province.

   (2) The successful completion of an examination referred to in subsection (1) means
   (a) in respect of the national respiratory therapy examination or other competency examination, obtaining the established pass mark; and
   (b) in respect of the provincial examination, meeting the minimum standard established by the Council.

41. For the purpose of this Part, to demonstrate currency of professional knowledge and skills, an applicant shall meet one of the following requirements within the four years immediately preceding the date of the application:
   (a) successful completion of the educational requirement set out in section 39;
   (b) active practice of respiratory therapy without any restrictions for at least 1,500 hours;
   (c) successful completion of a refresher program in respiratory therapy approved by the registrar.

42. (1) For the purpose of this Part and clause 25(3)(c) of the Act, where required, an applicant or a respiratory therapist, as the case may be, shall hold or be covered by professional liability insurance under a policy that provides coverage of not less than $2,000,000 per claim or occurrence and an aggregate limit of not less than $2,000,000 excluding legal or court costs.

   (2) Proof of professional liability insurance that meets the requirements of subsection (1) shall be provided to the registrar in the form of a certificate of insurance issued by the insurer.

43. (1) For the purpose of this Part, the requirements for continuing education and competency are the participation in and successfully completed of the continuing competency program in respiratory therapy established by the Council pursuant to section 60.1 of the Act.

   (2) A respiratory therapist registered in the general registration part of the register shall
   (a) keep a record in a form satisfactory to the registrar of the activities that the respiratory therapist undertakes for the purpose of this section; and
   (b) provide copies of the record referred to in clause (a) on the request of and in accordance with the directions of the registrar.

Designations and Reserved Activities

44. For the purpose of subsection 89(1) of the Act, the designations of a respiratory therapist include registered respiratory therapist and RRT.

45. (1) Subject to subsections (2) and (3) and any terms or conditions on the respiratory therapist’s registration, a respiratory therapist is authorized to perform the following reserved activities:
   (a) performing a procedure on tissue below the dermis for the purpose of
(i) taking a blood sample from a blood vessel or by skin pricking, or
(ii) placing a catheter in the vascular system;
(b) administering a drug by any means;
(c) administering a substance by injection, inhalation, mechanical ventilation or respiratory instillation;
(d) putting an instrument, hand or finger
(i) beyond the point in the nasal passages where they normally narrow for the purpose of intubation or suctioning,
(ii) beyond the larynx for the purpose of intubation or suctioning,
(iii) into an artificial opening in the body for the purpose of maintaining an airway;
(e) applying electrical energy for the purpose of providing cardiopulmonary resuscitation and stability;
(f) applying sound energy for the assessment of vascular lines.

(2) A respiratory therapist shall not perform a reserved activity set out in subsection (1) except pursuant to an order made by a person authorized to practise as a medical practitioner or nurse practitioner under the laws of this province or another Canadian jurisdiction.

(3) A respiratory therapist registered in the provisional registration part of the register shall not perform a reserved activity set out in subsection (1) except under the supervision of a respiratory therapist registered in the general registration part or special registration part of the register.

PART 5 – GENERAL

46. (1) For the purpose of clause 15(1)(d) of the Act, the name of a corporation applying for a permit to carry on the business of providing the professional services of a medical laboratory technologist, medical radiation technologist or respiratory therapist shall be, in the opinion of the registrar, in good taste, dignified and professional.

(2) Before changing its name, a health profession corporation shall obtain written confirmation from the registrar that the proposed name meets the requirements of subsection (1).

47. (1) A person who, during the year preceding the date this section comes into force, practises medical laboratory technology in the province is deemed, on and after the date this section comes into force, to be registered in the general registration part of the register for medical laboratory technology.

48. (1) A person who, during the year preceding the date this section comes into force, practises medical radiation technology in the province is deemed, on and after the date this section comes into force, to be registered in the general registration part of the register for medical radiation technology in the person’s primary discipline.

49. A person who, during the year preceding the date this section comes into force, practises respiratory therapy in the province is deemed, on and after the date this section comes into force, to be registered in the general registration part of the register for respiratory therapy.

50. (1) The registration of a person referred to in subsection 47(1) or 48(1) or section 49 expires 90 days after the date this section comes into force, unless it is sooner revoked, and may be renewed in accordance with section 22 of the Act.

(2) Subclauses 22(2)(a)(i) and (ii) of the Act do not apply to a person referred to in subsection (1) the first time the person applies to renew the person’s registration.

51. These regulations come into force on May 1, 2021.
SECTION 1 defines terms used in these regulations.

SECTION 2 designates medical laboratory technology, medical radiation technology and respiratory therapy as regulated health professions. It also provides exceptions to prohibitions on practising medical laboratory technology and medical radiation technology except as members of the College.

SECTION 3 establishes the College of Allied Health Professionals of Prince Edward Island as the college for medical laboratory technology, medical radiation technology and respiratory therapy.

SECTION 4 divides the register for medical laboratory technology into parts by type of registration.

SECTION 5 sets out applicable prescribed requirements for registration in the general part of the register for medical laboratory technology.

SECTION 6 sets out applicable prescribed requirements for registration in the provisional part of the register for medical laboratory technology. The section provides that a medical laboratory technologist registered in the provisional registration part of the register shall be supervised by a medical laboratory technologist registered in the general registration part or special registration part of the register. Finally, it states that provisional registration is not subject to reinstatement.

SECTION 7 provides for registration in the special registration part of the register for medical laboratory technology. It states that registration in this part is not subject to renewal or reinstatement.

SECTION 8 sets out the applicable prescribed requirements for renewal of registration in the general registration part of the register for medical laboratory technology.

SECTION 9 sets out the applicable prescribed requirements for renewal of registration in the provisional registration part of the register for medical laboratory technology.

SECTION 10 provides that the maximum prescribed period of time a former member’s general registration may lapse before applying for reinstatement of general registration is four years. It sets out the applicable prescribed requirements for reinstatement of registration in the general registration part of the register for medical laboratory technology.

SECTION 11 prescribes the education requirement for the purpose of Part 2.

SECTION 12 sets out the required examinations and defines what constitutes successful completion of the respective examinations under Part 2.

SECTION 13 sets out three options to demonstrate currency of professional knowledge and skills for the purpose of Part 2.

SECTION 14 prescribes insurance requirements for applicants and members registered under Part 2.

SECTION 15 prescribes continuing education requirements for the purpose of Part 2.

SECTION 16 sets out some protected designations of members registered under Part 2.

SECTION 17 sets out the reserved activities a medical laboratory technologist is authorized to perform, subject to certain conditions.
SECTION 18 divides the register for medical radiation technology into parts by type of registration and discipline. It requires that a medical radiation technologist be registered in the technologist’s primary discipline and provides for registration in one or more secondary disciplines in accordance with the technologist’s qualifications.

SECTION 19 sets out applicable prescribed requirements for registration in the general part of the register for medical radiation technology.

SECTION 20 sets out applicable prescribed requirements for registration in the provisional part of the register for medical radiation technology. The section provides that a medical radiation technologist registered in the provisional registration part of the register shall be supervised while practising a particular discipline by a medical laboratory technologist registered in the general registration part or special registration part of the register in that discipline. Finally, it states that provisional registration is not subject to reinstatement.

SECTION 21 provides for registration in the special registration part of the register for medical radiation technology. It states that registration in this part is not subject to renewal or reinstatement.

SECTION 22 sets out the applicable prescribed requirements for renewal of registration in the general registration part of the register for medical radiation technology.

SECTION 23 sets out the applicable prescribed requirements for renewal of registration in the provisional registration part of the register for medical radiation technology.

SECTION 24 provides that the maximum prescribed period of time a former member’s general registration may lapse before applying for reinstatement of general registration is three years. It sets out the applicable prescribed requirements for reinstatement of registration in the general registration part of the register for medical radiation technology.

SECTION 25 prescribes the education requirement for the purpose of Part 3.

SECTION 26 sets out the required examinations and defines what constitutes successful completion of the respective examinations under Part 3.

SECTION 27 sets out options to demonstrate currency of professional knowledge and skills in a primary discipline or a secondary discipline for the purpose of Part 3.

SECTION 28 prescribes insurance requirements for applicants and members registered under Part 3.

SECTION 29 prescribes continuing education requirements for the purpose of Part 3.

SECTION 30 sets out some protected designations of members registered under Part 3.

SECTION 31 sets out the reserved activities a medical laboratory technologist registered in a particular discipline is authorized to perform, subject to certain conditions.

SECTION 32 divides the register for respiratory therapy into parts by type of registration.

SECTION 33 sets out applicable prescribed requirements for registration in the general part of the register for respiratory therapy.

SECTION 34 sets out applicable prescribed requirements for registration in the provisional part of the register for respiratory therapy. The section provides that a respiratory therapist registered in the provisional
registration part of the register shall be supervised by a respiratory therapist registered in the general registration part or special registration part of the register. Finally, it states that provisional registration is not subject to reinstatement.

SECTION 35 provides for registration in the special registration part of the register for respiratory therapy. It states that registration in this part is not subject to renewal or reinstatement.

SECTION 36 sets out the applicable prescribed requirements for renewal of registration in the general registration part of the register for respiratory therapy.

SECTION 37 sets out the applicable prescribed requirements for renewal of registration in the provisional registration part of the register for respiratory therapy.

SECTION 38 provides that the maximum prescribed period of time a former member’s general registration under Part 4 may lapse before applying for reinstatement of general registration is three years. It sets out the applicable prescribed requirements for reinstatement of registration in the general registration part of the register for respiratory therapy.

SECTION 39 prescribes the education requirement for the purpose of Part 4.

SECTION 40 sets out the required examinations and defines what constitutes successful completion of the respective examinations under Part 4.

SECTION 41 sets out three options to demonstrate currency of professional knowledge and skills for the purpose of Part 4.

SECTION 42 prescribes insurance requirements for applicants and members registered under Part 4.

SECTION 43 prescribes continuing education requirements for the purpose of Part 4.

SECTION 44 sets out some protected designations of members registered under Part 4.

SECTION 45 sets out the reserved activities a respiratory therapist is authorized to perform, subject to certain conditions.

SECTION 46 requires the name of a health profession corporation established for the purposes of these regulations to be in good taste, dignified and professional.

SECTIONS 47 – 50 set out transitional provisions for persons practising medical laboratory technology, medical radiation technology or respiratory therapy before these regulations come into force.

SECTION 51 provides for the commencement of these regulations.

EC2021-273

REGULATED HEALTH PROFESSIONS ACT
RESERVED ACTIVITIES REGULATIONS
AMENDMENT

Pursuant to subsection 96(1) of the Regulated Health Professions Act R.S.P.E.I. 1988, Cap. R-10.1, Council made the following regulations:

1. Clause 2(a) of the Regulated Health Professions Act Reserved Activities Regulations (EC536/15) is revoked and the following substituted:

EC2021-273
2. The regulations are amended by the addition of the following after section 4:

5. For the purpose of subsections 86(3) and (4) of the Act, the following persons are exempted in respect of performing, in the course of their employment, a procedure on tissue below the dermis by skin pricking to obtain a blood sample or venipuncture to obtain a blood sample or blood donation:

   (a) persons employed by Health PEI in a health care facility or program managed or operated by Health PEI;
   (b) persons employed by Canadian Blood Services in a blood donation facility or program managed or operated by Canadian Blood Services; or
   (c) persons employed by and working under the supervision of a medical practitioner or nurse practitioner who is physically present.

6. For the purpose of subsections 86(3) and (4) of the Act, persons employed by Health PEI in a community hospital as combined technicians are exempted in respect of applying, in the course of their employment, electrical and sound energy in the form of ionizing or non-ionizing radiation.

3. These regulations come into force on April 17, 2021.

EXPLANATORY NOTES

SECTION 1 amends section 2 of the regulations to add administering a substance by respiratory instillation as a reserved activity.

SECTION 2 adds new sections 5 and 6 to the regulations to exempt specified classes of persons, in respect of specified reserved activities, from the prohibition against performing reserved activities unless authorized as a regulated health professional or under another Act.

SECTION 3 provides for the commencement of these regulations.
