28. Application for special authorization

- (1) An advanced care paramedic may apply to the registrar, in the form approved by the Council, for special authorization to perform one or both of the following reserved activities:
 - (a) performing simple suturing and wound closure on tissue below the dermis to close a wound;
 - (b) applying sound energy for diagnostic testing or the insertion of an invasive line.

Eligibility

- (2) An applicant is eligible for special authorization to perform a reserved activity referred to in subsection (1), if the applicant has successfully completed an advanced training program in the reserved activity, approved by the Council.

Granting of special authorization

- (3) On receipt and review of an application made in accordance with subsection (1), the registrar may, if the registrar is satisfied the applicant is eligible in accordance with subsection (2),
 - (a) grant the applicant special authorization to perform the reserved activity; and
 - (b) note the special authorization in the register in relation to the advanced care paramedic and on the advanced care paramedic's certificate of registration.

Referral to the Council

- (4) Where the registrar is not satisfied that the applicant is eligible in accordance with subsection (2), the registrar shall refer the application to the Council.

Review by the Council

- (5) On receipt of an application referred by the registrar, the Council shall review the application and may
 - (a) direct the registrar to
 - (i) grant the applicant special authorization to perform the reserved activity, and
 - (ii) note the special authorization in the register in relation to the advanced care paramedic and on the advanced care paramedic's certificate of registration; and
 - (b) impose any terms and conditions on the special authorization that the Council considers appropriate.

Notice

- (6) Where the Council refuses to grant a special authorization, the Council shall serve on the applicant written notice of, and reasons for, the refusal.

Suspension, cancellation, expiration, renewal

- (7) A special authorization granted under this section is suspended or cancelled, or expires, on the suspension, cancellation or expiration of the advanced care paramedic's registration, as the case may be, and may be renewed on renewal of the advanced care paramedic's registration.

PART 5 – CRITICAL CARE PARAMEDIC

Registration

29. General registration

- (1) The registrar shall register an applicant in the general registration part of the critical care paramedic register where
- (a) the registrar is satisfied that the applicant meets all the requirements for registration set out in subsection 12(2) of the Act and this Part and registers the applicant pursuant to subsection 12(3) of the Act; or
 - (b) the Council directs the registrar to register the applicant pursuant to subsection 12(6) of the Act or reinstate the registration of the applicant pursuant to subsection 24(4) of the Act.

Reinstatement period

- (2) For the purpose of subsection 24(1) of the Act, a former member may apply for reinstatement of general registration in the critical care paramedic register within three years after a lapse in the registration.

30. Provisional registration

- (1) Where an applicant for general registration under this Part has not successfully completed an examination set out in section 33, the Council may direct the registrar to register the applicant in the provisional registration part of the critical care paramedic register, subject to the term or condition that the applicant successfully completes an examination set out in section 33 within a specified time period.

Satisfaction of term or condition

- (2) Where a critical care paramedic with provisional registration satisfies the term or condition imposed under subsection (1), the registrar shall register the critical care paramedic in the general registration part of the critical care paramedic register.

Subject to supervision

- (3) A critical care paramedic with provisional registration shall be supervised in practising paramedicine by a critical care paramedic with general registration, approved by the Council.

No reinstatement

- (4) Provisional registration may not be reinstated.

31. Special registration

- (1) Where the Council directs the registrar to register an applicant under this Part pursuant to subsection 13(3) of the Act, the registrar shall register the applicant in the special registration part of the critical care paramedic register.

No renewal or reinstatement

- (2) Special registration may not be renewed or reinstated.

Prescribed Requirements

32. Education

For the purpose of clause 12(2)(c) of the Act, an applicant shall have successfully completed

- (a) a post-secondary program in critical care paramedicine accredited by Accreditation Canada; or
- (b) an education program that the Council considers to be substantially equivalent to the one referred to in clause (a).

33. Examination

For the purpose of clause 12(2)(d) of the Act, an applicant shall have successfully completed

- (a) the Certified Critical Care Paramedic (CCP-C) Examination administered by the International Board of Specialty Certification; or

- (b) an examination the Council considers to be substantially equivalent to the one referred to in clause (a).

34. Currency of knowledge and skills

For the purpose of clause 12(2)(f), subclause 22(2)(a)(ii) and clause 24(4)(c) of the Act, to demonstrate currency of professional knowledge and skills, an applicant shall have done one of the following within the three years immediately before the application:

- (a) successfully completed the education requirement under section 32;
- (b) actively practised paramedicine in the province or in another jurisdiction recognized by the Council for at least 1,125 hours;
