1976 STATISTICAL REVIEW

Prepared by:

P.E.I. Department of Development
in cooperation with
Island Information Service

April, 1977

FOREWORD

This is the third volume of the Prince Edward Island Statistical Review, a publication initiated by the Department of Development. The purpose of the Statistical Review is to provide for both public and private users, relevant statistical information concerning selected key economic and social variables.

We hope that this review will prove useful to individuals and organizations both within and outside the province and would welcome suggestions for further additions to, or improvements upon the Statistical Review.

Hon. John H. Maloney, M.D.
Minister of Development

PREFACE AND ACKNOWLEDGEMENTS

The statistics included in this publication have been derived from several sources including Statistics Canada, Provincial Government Departments, and other institutions and agencies.

Users seeking further technical information are advised to consult the appropriate authorities cited in the footnotes to each table.

Special thanks to Statistics Canada User Advisory Services, Halifax, for verification of tables, to Thomas Kickham, who compiled most of the data, to Baxter Ramsay, for designing the cover, to all the individuals who assisted by contributing data, and to the Department of Development secretaries who typed the review.
