PROVINCE OF PRINCE EDWARD ISLAND

1978 STATISTICAL REVIEW

Prepared by:
P.E.I. Department of Development
in cooperation with
Island Information Service

March, 1979

FOREWORD

This is the fifth volume of the Prince Edward Island Statistical Review, a publication initiated by the Department of Development. The purpose of the Statistical Review is to provide for both public and private users, relevant statistical information concerning selected key economic and social variables.

We hope that this review will prove useful to individuals and organizations within and outside the Province and would welcome suggestions for further additions to, or improvements upon the Statistical Review.

Hon. John H. Maloney, M.D.
Minister of Development

PREFACE AND ACKNOWLEDGEMENTS

The statistics included in this publication have been obtained from several sources including Statistics Canada, Provincial Government Departments, and other institutions and agencies.

Users seeking further technical information are advised to consult the appropriate references cited in the footnotes to each table.

Special thanks to Statistics Canada User Advisory Services, Halifax; to Baxter Ramsay, for designing the cover; to all individuals who assisted by contributing data; and to the Department of Development secretaries who typed the review.

Note: In March, 1979, a survey of manufacturing employment, which included employees and working owners/partners, was carried out by the P.E.I. Department of Development. There are approximately 236 manufacturing firms on P.E.I., 212 of which were included in the survey. Survey results indicated an estimated average annual 1978 employment of 3,292. Average estimated peak employment for the May-September period, was 4,187. Manufacturing employment as of March, 1979, was 3,133. A more extensive survey of the Province's manufacturing sector is being planned in the near future.
