

WINTER WARMING PROGRAM

Winter Warming

Tenants and homeowners with a total household income of \$50,000 or less could be eligible for a free comprehensive air sealing service delivered by our efficiencyPEI partner service organization Summerhill Connect.

This can include caulking, weather-stripping, sealing gaskets, and more.

Other features of the Winter Warming program include:

- installation of a programmable thermostat
- a low-flow shower head
- a voucher for a free heating system cleaning (up to \$115 value)
- a quantity of ENERGY STAR® LED light bulbs

These are simple measures that can have a big impact on the amount of heat lost in your home, saving you money.

For example, installing a programmable thermostat can save up to

\$250 per year in heating costs.

A comprehensive air-sealing service can **save you as much as \$650 per year in heating costs.**

Air Sealing

Controlling air leakage has many benefits to you and your home:

- Saving money on heating costs
- Greater comfort with fewer cold spots and drafts
- Less moisture infiltration to home, protecting building materials from rot
- Quieter home and improved air quality by reducing the amount of noise and dust entering the house
