

Building for the Future

Closing the Gap on Housing

\$100M for a new total of \$150.9M

All Islanders should have a safe place to call home. The Province will create an additional 365 social and affordable housing units, for a total of 465 units within the next five years.

Investing in Infrastructure for Island Students

\$30M for a new total of \$136.1M

Renovations at Elliot River and Montague Schools will conclude with this year's budget. Construction has commenced on the new Sherwood Elementary School, and planning continues for the new Stratford High. The Province will also support planning for the replacement of École Évangéline, and has advanced the expansion schedule for École François-Buote.

Building Through Partnerships

\$3.4M over 3 years

One important component in addressing housing needs, now and into the future, will be the utilization of smaller homes. We will work with our partners including the PEI Construction association, Holland College and our high schools to construct 34 homes that will be distributed across the Island.

Provincial Bridges and Highways

\$50M for a new total of \$240M

The Province is continuing to ensure that Island communities stay safely connected by increasing funding for bridge replacements and improvements, as well as increasing provincial-wide paving.

Capital Repairs and Maintenance for Housing and Schools

\$26M for a new total of \$43M

Investments into updating, retrofitting and greening existing social housing and schools to address aging infrastructure.
