## CHARLOTTETOWN AND STRATFORD RESIDENTS CAN ACCESS MUNICIPAL FINANCING FOR ENERGY EFFICIENT UPGRADES

The Switch Stratford and Switch Charlottetown PACE Atlantic financing programs provide cost-effective options for residential energy efficiency and renewable energy projects – including heat pumps, solar systems and insulation.

Homeowners can get financing with zero per cent interest up to 15 years on the costs – with no upfront costs.

Municipalities pay contractors, and homeowners pay back their loans over time from anticipated savings in energy.

### How to participate:

1. Residents of Stratford/Charlottetown approach PACE Atlantic or the municipality and inquire about efficiency upgrades and financing through PACE program.
2. PACE Atlantic works with clients to find options for energy efficient upgrades and sends the client application and quotes to efficiencyPEI for pre-approval.
3. efficiencyPEI reviews the application/quotes and then provides a letter of approval and consent to release funds form to the client and PACE Atlantic.
4. Upon completion of the efficiency upgrades, the client/contractor will contact PACE Atlantic who will have completed forms and forwarded invoices.

### About PACE Atlantic and the Switch programs

The Switch Stratford and Switch Charlottetown PACE Atlantic programs are funded by \$14.1 million from the Federation of Canadian Municipalities.
