	<b>Subject</b>	<b>Application and Eligibility</b>
<b>Effective Date: January 6, 2016</b>	<b>Authorized by:</b> 	
<b>Revised Date: April 1, 2021</b>	<b>Deputy Minister, David Keedwell</b>	

## 1.0 PURPOSE

- 1.1 To provide financial assistance to homeowners with modest income to complete essential renovations to their homes, and to assist seniors and individuals with a disability who have low and moderate income, make minor modifications that improve access to, or increase the physical safety of, their principal residence.

## 2.0 DEFINITIONS

- 2.1 **Combined annual income:** Net income as defined by line 23600 of the Canada Revenue Agency (CRA) T1 General - Income Tax and Benefit Return and confirmed by CRA for all homeowners who reside in the property who are the subject of the application, and any other primary occupants over the age of 18, excluding dependents.
- 2.2 **Dependent:**
- a child up to the age of 18, or
  - a person between the age of 18 and 25, inclusive, who is enrolled full time in an educational institution, or
  - an individual who is solely dependent on another due to mental and/or permanent disability.
- 2.3 **Family Member:** spouse/partner, child, child's spouse, daughter-in-law, son-in-law, brother, sister, mother, father, grandparents, step-brother, step-sister, step-parents, parents-in-law, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, or guardian.
- 2.4 **Homeowner:** an individual or group of individuals in whose name a property is registered with the Taxation and Property Records Division of the PEI Department of Finance.
- 2.5 **Life Interest:** a circumstance in which the applicant is not the legal registered owner of the property as per the Taxation and Property Records Division of the PEI Department of Finance, but does have a legal right to occupy and use the property for the applicant's lifetime.

An applicant in a life interest circumstance may be deemed to be the owner or co-owner of the property for purposes of the PEI Home Renovation Programs (PEIHRPs) if:

- the property is owned by a family member(s);

- the registered owners of the property provide written confirmation of their inability to provide funds for, or towards, the cost of the renovation;
- the property is the principal residence of the applicant(s);
- the applicant provides satisfactory confirmation that the applicant is responsible for the payment of property expenses including, but not limited to, property taxes, heat, electricity, insurance, and general property maintenance; and
- all other program criteria are met.

2.6 **Maximum grant:** the maximum amount of funding the homeowner can receive based on their combined annual income, the cost of their renovation project, and previous receipt of funding from the PEIHRP. The homeowner is not eligible to re-apply within 15 years once the maximum grant is received.

2.7 **PEI Home Renovation Programs (PEIHRP):** a group of renovation programs that includes the Seniors Safe at Home Program, the Seniors Home Repair Program, the Renovation Program, and the Renovation Program for Person with Disabilities.

2.8 **Principal residence:** a property, owned alone or jointly with other individuals, which serves as the primary dwelling of the applicant for at least six months, plus a day, during any calendar year and is recognized as a residential property as per Taxation and Property Records. Only one location can be designated as an applicant's principal residence at any one time. Rental properties and seasonal cottages are not considered principal residences.

2.9 **Renovation Program (HRP) and Seniors Home Repair Program (SHRP):** programs that provide a grant(s) to complete major, essential renovations in one or more of the following areas: heating, electrical, structural, plumbing, and life safety.

2.10 **Renovation Program for Persons with Disabilities (DIS):** a program that provides a grant(s) to individuals with a permanent disability to renovate their home to accommodate their disability. Items must relate to the individual's loss of ability, be permanently installed, and improve or increase the physical safety of the home. Portable devices are not eligible.

2.11 **Seniors Safe at Home Program (SSH):** a program that provides a grant(s) to seniors who have difficulties with daily living activities to complete modifications related to the applicant's loss of abilities to help them stay in their home longer. Portable devices are not eligible.

### 3.0 POLICY STATEMENT

#### **Program Eligibility:**

- 3.1 To be eligible for the HRP and DIS applicants must:
- (a) be Canadian citizens or landed immigrants, and be permanent residents of Prince Edward Island;
  - (b) have a combined annual income that is no greater than \$50,000;
  - (c) live in the principal residence and own, or jointly own, the principal residence or have a life interest in the principal residence; and

(d) have a property valuation at or below \$300,000 Non-Commercial, Residential as per Taxation and Property Records market value assessment.

3.2 To be eligible for SHRP and SSH, in addition to the criteria in section 3.1, applicants must be 60 years of age or older at the time of application to SHRP and SSH.

**Exception to section 3.1 - Applicants of SSH:**

- may be living in a principal residence that is owned by a family member, and the applicant would benefit from necessary modifications in the home due to a loss of ability; and
- are not required to have a property valuation, at or below, \$300,000.

3.3 Should ownership of the principal residence for which a PEIHRP grant is provided change within three years of receiving the PEIHRP grant the applicant or the executor of the estate of the applicant, shall immediately notify the PEIHRP and repay the portion of the grant prorated based on the number of months of ownership.

3.4 Applicants to the DIS may be required to submit a Medical Verification form to confirm the applicants' disability and to describe how the requested renovation(s) will accommodate their disability. If the Medical Verification form is required, PEIHRP staff will forward the Medical Verification form (attached) to the applicant to be completed and submitted to PEIHRP. If the Medical Verification form is not submitted by the applicant when requested, the application will be denied.

3.5 If the applicant has used less than the maximum grant, they may re-apply for new renovations to receive up to the maximum to which they are entitled.

3.6 Applicants are not eligible for a PEIHRP grant if they have already reached the maximum grant through previous applications to the PEIHRP. The homeowner is not eligible to re-apply for 15 years once the maximum grant is received.

**Calculation of Combined Income**

3.7 If homeowners are divorced or separated, the income of the separated or divorced individual may be excluded from the calculation of combined annual income if the property is no longer that individual's principal residence, and proof of separation is provided.

3.8 If the applicant is deemed to be the owner of the property in a life interest circumstance, the net income of the applicant and all net income of other occupants will be included in the combined annual income.

## Renovation Eligibility

3.9 The maximum PEIHRP grant amount based on combined annual income is as follows:

<b>Combined Annual Income</b>	<b>Renovation Program</b>	<b>Seniors Home Repair Program</b>	<b>Seniors Safe @ Home Program</b>	<b>Renovation Program for Persons with Disabilities</b>

<https://www.princeedwardisland.ca/en/publication/pei-home-renovation-programs-minimum-requirements-decks-landings-and-ramps>.
- 3.13 The following renovations are not eligible for a grant:
- (a) heat pumps, storm doors, driveways and any other renovations outside of the existing home footprint;
  - (b) renovations completed using re-purposed or second hand material;
  - (c) renovations completed using materials or products that are not installed in accordance with the manufacturer's recommendations;
  - (d) renovations that do not comply with current building code; and
  - (e) renovations that have been approved or funded by another financial program or institution (for example, provincial/federal grant programs, rebate programs or loans).
- 3.14 PEIHRP staff may inspect the principal residence to determine if the planned home renovation meets program parameters.
- 3.15 PEIHRP staff will provide written confirmation to the applicant as to the approval or denial of the application. When applications are not approved, PEIHRP staff will provide the reason for denial.

## **Applicant as General Contractor**

- 3.16 Applicants may choose to complete the approved renovation work themselves, or have family members complete the work on their behalf. Applicants are responsible to:
- submit a written, detailed work plan using the Work Plan form (attached) as an organizing tool and for documentation purposes to itemize all the items which will be eligible for funding;
  - ensure any work legislated to be completed by a certified trades person (for example, plumbing or electrical) is completed and authorized by that particular trades person; and
  - renovations comply with current building code.

PEIHRP staff will review the work plan to determine if there are sufficient details to complete the renovation.

The PEIHRP grant cannot be used to reimburse applicants for wages for their own labour, or the labour of family members completing the work.

## **Completed Renovations**

- 3.17 The approved applicant has six (6) months from the date of the approval notification letter to complete the renovation and submit the Request for Payment form (attached), Payee Registration form (attached), and project invoices to receive payment. Extensions to project deadlines will only be considered in exceptional circumstances. Any extensions to the project deadline must be requested (by applicant) and confirmed (by PEIHRP office) in writing.
- 3.18 PEIHRP is not responsible for the quality of the home renovation.
- 3.19 PEIHRP staff may inspect the applicant's renovation to ensure the approved renovation has been completed. No payments will be made if misuse of the program funds is identified.
- 3.20 Payment to the applicant or, if the applicant so wishes, to the contractor, will be made after all requirements have been met.
- 3.21 Account service charges and finance charges are not eligible for reimbursement.

## **False Declaration**

- 3.22 In the event that any program criteria of the PEIHRP(s) grant are not met, or that a false declaration is knowingly made in the application, the PEIHRP shall have the right to cancel the approval and recover any paid funds and additional costs.

## 4.0 PROCEDURE STATEMENT

- 4.1 Applications are available at all Access PEI locations, the PEIHRP office or online at <http://www.princeedwardisland.ca/en/information/family-and-human-services/pei-home-renovation-program>.
- 4.2 All homeowners who reside in the property who are the subject of the application, and any other primary occupants over the age of 18, excluding dependents, must:
- complete and sign the Application form, and
  - submit a copy of their current Canada Revenue Agency Notice of Assessment or the completed Canada Revenue Agency Statement of Consent on the application. Failure to provide income information for all applicants will result in the application being denied.
- All items may be mailed, emailed, or submitted in person to any Access PEI location or the PEIHRP office.
- 4.3 Upon receipt of an Application form and required supporting documentation, PEIHRP staff will contact applicants, if necessary, to obtain further information or documentation regarding the application and the planned home renovation. PEIHRP staff records the application information in PEIHRP database. Failure to provide requested information will result in the application being denied.
- 4.4 PEIHRP staff reviews the ownership of the principal residence through the Geolinc system to confirm that the principal residence is registered, partially registered, or that there is a life interest registered in the applicant's name. If the principal residence is not registered or partially registered in the applicant's name, and if the applicant does not have a life interest in the principal residence, the applicant is notified in writing that the application is denied and the reason for denial.
- 4.5 PEIHRP staff reviews the combined annual income. If the combined annual income is greater than \$50,000, the applicant is notified in writing that the application is denied because of the combined annual income level.
- 4.6 PEIHRP staff reviews the database to determine if the applicant has previously accessed the program. If the applicant has previously accessed the program, PEIHRP staff determines if there is any eligibility remaining and records the available eligibility amount. If no eligibility is remaining, PEIHRP staff notifies the applicant in writing that the application is denied and the reason for denial.
- 4.7 If the applicant meets all of the eligibility requirements, PEIHRP staff notifies the applicant in writing that they are required to submit two quotes for each eligible renovation to the PEIHRP office. Quotes must be submitted within 90 days of notification. Quotes must provide sufficient detail to clearly describe the work to be completed to allow comparisons among quotes. Each renovation must be priced separately and acceptable quotes must include a detailed description of the work and

may include a specification sheet. Field sheet work documents will not be accepted in place of a quote.

- 4.8 PEIHRP staff reviews the quotes and determines whether the renovation meets the program parameters and whether the quotes are reasonable. PEIHRP staff may contact the applicant to clarify any issues of concern. PEIHRP staff may inspect the principal residence to determine if the planned home renovation meets program parameters. PEIHRP staff will document the results of the inspection on the Approval/ Inspection Report form (attached). If the renovation requested does not meet the parameters of the program, PEIHRP staff notifies the applicant in writing that the application is denied and the reason for denial.
- 4.9 If the renovation requested meets all of the criteria for approval, PEIHRP staff notifies the applicant in writing of the grant amount approved. The following will be sent to the applicant:
- an approval letter;
  - Payee Registration form (if applicable); and
  - Request for Payment form.
- 4.10 An approved applicant has the right to select a higher quote if it also meets the same minimum standard of acceptance to complete the work. The approved applicant will be responsible to pay the difference between the higher and lower quote. Any cost relating to completing the work beyond the specifications required by PEIHRP shall be the responsibility of the applicant.
- 4.11 An approved applicant is responsible to arrange for the home renovation to be completed and to ensure the home renovation meets the relevant building codes. The applicant is responsible to ensure that proper permits and inspections are completed. All plumbing, electrical and heating systems must be completed by a licensed tradesperson. Windows must meet Energystar ratings, and must meet the Provincial Fire Marshal egress requirements when installed in a bedroom.
- 4.12 PEIHRP staff will review approved applications monthly to determine their completion status. If an application has been outstanding longer than the six months, PEIHRP staff will contact the applicant to determine if the renovation has been completed. If a satisfactory reason is provided for the renovation not being completed, an extension may be granted.
- If it appears that the renovation cannot be completed, or has not been completed after the extension period, PEIHRP staff shall advise the applicant in writing that approval has been cancelled.
- 4.13 When the renovation is completed the approved applicant will then submit:
- the Request for Payment form;
  - Payee Registration form (if applicable); and
  - invoice(s) for the renovation within six (6) months of approval notification.

The approved applicant must sign the Request for Payment form confirming that the invoice(s) submitted are for the renovation requested in the Application form.

- 4.14 Upon receipt of the completed documentation, PEIHRP staff will confirm that the invoice(s) agree(s) with the quotes submitted and any variances are explained.
- 4.15 PEIHRP staff may inspect the applicant's renovation to ensure the approved renovation has been completed. PEIHRP staff will document the results of the inspection on the Payment/Post Inspection Report form (attached). No payments will be made if misuse of the program funds is identified.
- 4.16 PEIHRP staff completes the coding on the Payment/Post Inspection Report form and submits it with copies of invoice(s), Payee Registration form (if applicable) and Request for Payment form to the accounts payable clerk to issue payment to the applicant, or contractor as requested on the Request for Payment form.
- 4.17 PEIHRP staff updates the status of the application in the database and identifies the file as complete.

- Approvals will be issued by mail.
- The applicant is responsible to ensure the modifications/renovations meet all relevant building codes and industry standards.

## Reimbursement

- Submit a "Request for Payment" form which will be mailed to you, attach the final invoices from your contractors/suppliers, and send the documents to our office for payment.
- A "Payee Registration Form" is for direct deposit. This form is required to be filled out by the person receiving payment (contractor or homeowner) and only if they are not already registered for direct deposit with our program.
- Homeowners seeking reimbursement must submit copies of paid invoices, receipt(s) of payment(s) for the work completed, the Request for Payment form (required), and Payee Registration form (if applicable).
- Post-inspections by qualified staff may be necessary to ensure compliance with building codes and industry standards prior to payment being released.

## Things you need to know:

- Eligible renovation requests must satisfy a "need to have" essential repair, and not a "want to have" cosmetic upgrade to the home (for example, refresh painting, upgrade flooring, changing fixtures).
- Renovations outside the home footprint (for example, driveway, shed, detached garage) are not eligible for renovations or repairs.
- Heat pumps and storm doors are not eligible renovations under the PEIHRP.
- Your application will remain active for a

maximum period of one year from the date our office received it.

- If for any reason, you fail to complete the approved renovations within that time, your file will be closed and you will need to re-apply, and be assessed again for funding eligibility.
- You must continue to own the property that is the subject of this application for three years after receiving the funding. Should ownership of the property change within the three years, you must immediately notify us to determine if any portion of the funding needs to be repaid to PEIHRP.
- Once the maximum grant (based on combined income) is received, you are not eligible for another grant within 15 years.
