

OUTDOOR SIGN LIGHTING RETROFITS

Choosing efficient products will save you money.

You can reduce your energy consumption and manage your operating costs, while reducing your environmental impact.

Through our business energy rebates, your business may be eligible for rebates on outdoor lighting.

Business Energy Rebates

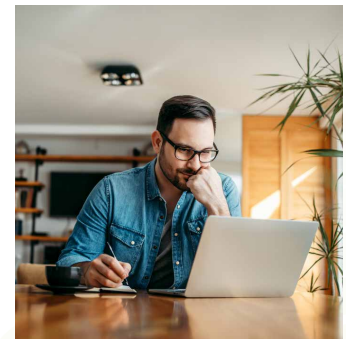

Business energy rebates can help businesses save money when buying energy efficient equipment, including outdoor sign lighting retrofits.

Outdoor case lighting for sign retrofit applications are eligible for rebates of \$10 per foot of lighting.

Businesses, non-profits, institutional organizations and agricultural facilities are eligible for business energy rebates, including outdoor lighting rebates.

HOW DO I GET MY REBATE?

1. Work with your sign shop to identify which upgrades you plan to make.
2. If rebate amount is to be over \$5000, contact efficiencyPEI for pre-approval.
3. Collect a detailed sales receipt outlining where the products were purchased and showing the model numbers for eligible products.
4. Fill out the registration form and send it in, along with copies of paid/dated receipts to efficiencyPEI or drop it off at any Access PEI.

MORE FOR BUSINESSES

We can also help with a total energy efficiency upgrade, including upgrades to heating systems, optimizing ventilation, thermostats and controls, and more.
