

HELP WITH ENERGY EFFICIENCY

Energy efficiency upgrades help Islanders live better while spending less.

Now more than ever, it's important we all have a comfortable and safe home that is warm and cozy in winter, cool and refreshing in summer.

Energy efficient upgrades help with a more comfortable home, reduced energy consumption, cost savings and a smaller carbon footprint.

We have energy advice and incentives that will work for you.

We can help....

WITH HOME IMPROVEMENT

With rebates, incentives and instant savings, we're here to help you save money. From heat pumps to solar panels, we have ways to improve the comfort and health of your home.

WITH BUYING PRODUCTS

We can help you find the most efficient equipment. ENERGY STAR® and WaterSense and LED certified products provide you with energy efficiency round the clock.

WITH COMPLETING YOUR PROJECT

If you're looking for advice or support with an energy project from start to finish, we're here to assist you. Home energy assessments get you the right information on your energy consumption and where it can be improved.

WITH FINDING CONTRACTORS

Our Network of Excellence contractors are ready to help you with efficiency upgrades.
