Under the Dairy Farmers of Prince Edward Island Regulations and under the *Natural Products Marketing Act*, R.S.P.E.I. 1988, Cap. N-3, Dairy Farmers of Prince Edward Island makes the following Order:

Canadian Quality Milk Program Order

Application

1. This order establishes mandatory participation in the Canadian Quality Milk Program as a quality standard for dairy farms in Prince Edward Island.

Definitions

2. The words herein shall have the meanings as found in the Prince Edward Island Natural Products Marketing Act and the Dairy Farmers of Prince Edward Island Regulations under the Act, unless differentiated herein and as hereinafter defined:

(a) "Canadian Quality Milk Program" means a program developed under the auspices of Dairy Farmers of Canada and technically recognized by the Canadian Food Inspection Agency that provides standards for milk production based on HACCP practices.

(b) "Claim Reserve" - is a restricted account that was established to underwrite any product related claims made against the Board.

(c) "CQM" means the Canadian Quality Milk Program.

(d) "HACCP" - as set out in Hazard Analysis and Critical Control Point System and Guidelines for its Applications: Annex to the Recommended International Code of Practice - General Principles of Food Hygiene (CAC/RCP 1- (1969), Rev. 3 (1997), a hazard analysis critical control point system is science-based and systematic, and identifies specific hazards and measures for their control to ensure the safety of food. HACCP is a tool for assessing hazards and establishing control systems that focus on prevention, rather than rely mainly on end product testing.

Mandatory Program

3. Participation in CQM is a mandatory requirement for dairy producers in Prince Edward Island and they must be registered in the CQM program or they shall be deemed to be non-compliant with this order.

Standards

4. All standards for validation in CQM are established in the CQM Reference Manual, which has been available to dairy producers since 2002. Edits to the reference manual are forwarded to producers as they are released.

Record Keeping

5. All specific forms and documents required for CQM record keeping are contained in the CQM Workbook, copies of which are available from the Board office and are supplied to producers on demand. In any instance where alternate forms of record keeping are desirable, Board personnel shall provide guidance and assistance to ensure the alternate forms of record keeping meet CQM requirements.

Validation

6. Validation is the process of evaluation to ensure compliance with CQM standards. The validators who perform the evaluation are employed or contracted by the Board, and must complete a specified course of training and on the job experience to be employed in that role. When a producer believes that he has met the CQM requirements, he may request a validation through the Board office. A validator shall be assigned by the Board to perform the validation.

Registration

7. A producer who has completed all mandatory CQM requirements as demonstrated by a completed validation shall be registered in the CQM. If CQM requirements have not been met, outstanding corrective actions required for registration must be completed to program standards within 90 days of validation. A producer who has failed to achieve registration within 90 days of validation must reapply to be validated at their own expense.

Failure to Comply

8. A producer who has not completed the CQM requirements or who has not been registered shall be deemed non-compliant with CQM.

New Producers

(a) New dairy producers shall be granted conditional registration for a period of four months in which to comply with CQM. This period allows the new dairy producer time to: commence operations, establish practices and create documents required for CQM; record three months of operating data as required by CQM; and, be validated. New dairy producers who have not completed validation by the end of their fourth calendar month of marketing milk shall be deemed non-compliant with this order.

Levy in Lieu of Compliance

9. CQM establishes on-farm practices that are designed to meet the requirements of due diligence for food safety in the production of milk. Failure to comply with CQM increases the risk of compromising the safety of milk while it is in production or under the care and control of the producer. In order to underwrite the risk of legal claims that could arise from such failure of due diligence, DFPEI shall levy any non-compliant producer in the amount of \$1.00 per hectolitre on all milk marketed, effective 1 January 2011. Funds collected through this levy will be credited to the Board's Claim Reserve.

Commencement

10. This Order comes into force on the first day of January 2011.

Revocation

11. DFPEI order 2008-01 is hereby revoked.

DATED at Charlottetown, Prince Edward Island, this 21st day of December 2010.

Harold MacNevin, Chair
Ronald Maynard, Secretary

01

**NOTICE
CHANGE OF NAME**

Be advised that a name change under the *Change of Name Act* S.P.E.I. 1997, C-59 was granted as follows:

Former Name: **Allstin Whitney Murray**
Present Name: **Whitney Allstin Murray**

December 20, 2010
