**AND WHEREAS** in consultation with the Lieutenant Governor in Council, I believe it is reasonably necessary to impose special measures in the Province in order to protect the health of the population;

**AND WHEREAS** I, as the Chief Public Health Officer, pursuant to subsection 39(2) of the Act, believe on reasonable and probable grounds that:

- (a) a communicable disease, COVID-19, including any new variants of the virus causing COVID-19, exists or may exist in the Province;
- (b) the communicable disease presents a risk to the health of persons in the Province; and
- (c) the requirements specified in this Order are necessary to prevent, decrease or eliminate the risk to health presented by the communicable disease;

**AND WHEREAS** pursuant to subsection 39(1) of the Act, I, as the Chief Public Health Officer, may require a person to take or refrain from taking any action that is specified in this Order in respect of a communicable disease;

**AND WHEREAS** pursuant to clauses 49(2)(c.1) and (d) of the Act, I, as the Chief Public Health Officer, may order persons to refrain from entering or attending a public place or premises; to refrain from assembling in a public gathering in a specified area; limit the number of persons who will be permitted to attend a public gathering; or limit the purpose for a public gathering;

**AND WHEREAS** pursuant to clause 49(2)(g) of the Act, I, as the Chief Public Health Officer, may order any other measure that is reasonably believed to be necessary for the protection of the health of the population during the public health emergency;

**AND WHEREAS** testing and isolating individuals who test positive for COVID-19, and any variants of concern, will prevent transmission of the virus and the associated illness and death and protect Prince Edward Island's health care system;

**AND WHEREAS**, at the time of making this Order, recommendations from the National Advisory Committee on Immunization inform that first doses of currently authorized COVID-19 vaccines in Canada have been shown to offer at least short-term protection against COVID-19 disease and that approximately two weeks after receiving a completed series, authorized vaccines have been shown to be highly efficacious in the short term against confirmed symptomatic COVID-19 disease, appear to be efficacious against severe COVID-19 outcomes such as hospitalization or death and may reduce asymptomatic infection and transmission of the COVID-19 virus;

**AND WHEREAS** pursuant to subsection 56(1) of the Act, I, as the Chief Public Health Officer, may require any person to provide information that the Chief Public Health Officer reasonably considers necessary to:

- (a) assess the threat that a disease presents to public health and plan for and address the threat; or
- (b) evaluate and monitor the health and safety of the general public.

OF CANADA ON PEI**

Nature Conservancy of Canada (NCC), a national charity and private land conservation organization, has been working with people and communities on Prince Edward Island (PEI) since 1978.

NCC has recently undergone administrative changes via the Island Regulatory and Appeals Commission in terms of how it is registered.

This, in no way, changes our work or status. We are pleased to help Island residents achieve their aspirations to conserve forests, wetlands and coastal areas that mean a lot to them. By working together, the Nature Conservancy of Canada will continue to conserve some of the wildest landscapes on PEI for wildlife and all Islanders to enjoy.
