IN THE MATTER OF the *Public Health Act*, RSPEI 1988, Cap. P-30.1 (the “Act”)

COVID-19 PREVENTION AND SELF-ISOLATION ORDER

TO: All persons residing in or present in Prince Edward Island; and

All businesses, services and organizations operating or carrying on business in Prince Edward Island

AND WHEREAS in consultation with the Lieutenant Governor in Council, I believe it is reasonably necessary to impose requirements in Prince Edward Island (“the Province”) in order to protect the health of the population;

AND WHEREAS pursuant to subsection 39(1) of the Act, I, as the Chief Public Health Officer, may require a person to take or refrain from taking any action that is specified in this Order in respect of a communicable disease;

AND WHEREAS I, as the Chief Public Health Officer, pursuant to subsection 39(2) of the Act, believe on reasonable and probable grounds that:

- (a) a communicable disease, COVID-19, including any new variants of the virus causing COVID-19, exists or may exist in the Province;
- (b) the communicable disease presents a risk to the health of persons in the Province; and
- (c) the requirements specified in this Order are necessary to prevent, decrease or eliminate the risk to health presented by the communicable disease;

AND WHEREAS the reasons for this Order are the global COVID-19 pandemic, the health risks posed by the pandemic, including health risks posed by new variants of the virus causing COVID-19, and the necessity to prevent, decrease or eliminate those health risks;

AND WHEREAS isolating individuals who test positive for COVID-19, and any variants of concern, will prevent transmission of the virus and the associated illness and death and protect Prince Edward Island’s health care system;

AND WHEREAS I recognize the effect which the requirements I am putting in place to protect the health of the public have on persons in PEI and, with this in mind, have engaged and will continue to engage in a process of reconsideration of these requirements, based upon the information and evidence available to me, including infection rates, sources of transmission, the presence of clusters and outbreaks, the number of people in hospital and in intensive care, deaths, the emergence of and risks posed by virus variants of concern, vaccine availability, immunization rates, the vulnerability of particular populations, and reports from the rest of Canada and other jurisdictions, with a view to balancing the interests of the people affected by this Order, including constitutionally protected interests, against the risk of harm to the public health;

AND WHEREAS I issued previous public health orders that are no longer in effect, including a Long-Term Care and Nursing Homes COVID-19 Order, and there is an increased risk of severe COVID-19 outcomes, such as hospitalizations and deaths, among the population of certain health facilities such as long-term care facilities and nursing homes;

AND WHEREAS pursuant to subsection 56(1) of the Act, I, as the Chief Public Health Officer, may require any person to provide information that the Chief Public Health Officer reasonably considers necessary to:

- (a) assess the threat that a disease presents to public health and plan for and address the threat; or

- (b) evaluate and monitor the health and safety of the general public;

AND WHEREAS pursuant to section 60 of the Act, a public health official may request assistance from a peace officer in conducting an inspection, investigation, inquiry, search or in enforcing an order made under the Act;

AND WHEREAS pursuant to subsection 61(4) of the Act, no person shall knowingly provide false or misleading information, either orally or in writing, to a public health official;
