

COVID-19 (coronavirus)

Social Distancing

Social distancing is a way that we can all help reduce the spread of **COVID-19**

Here is what you should do:

- If you are ill or feeling unwell, **stay home**
- Avoid shaking hands and **wash your hands frequently**

When:

- having conversations
- are in line
- or other situations with others

maintain a 2 metre or 6 foot distance

For accurate up-to-date information

If you have general health questions about COVID-19 call
