

WINTER WARMING PROGRAM

Winter Warming

Tenants and homeowners with a total household income of \$50,000 or less could be eligible for a free comprehensive air-sealing service.

This can include caulking, weather-stripping, sealing gaskets, and more.

Other features of the Winter Warming program include:

- installation of a programmable thermostat
- a low-flow showerhead
- a voucher for a free heating system cleaning (up to \$115 value)
- a quantity of ENERGY STAR® LED light bulbs
- a smart power bar (minimum 3 pieces of electronics must be available to be plugged into power bar)

These are simple measures that can have a big impact on the amount of heat lost in your home, saving you money.

For example, installing a programmable thermostat can save up to

\$250 per year in heating costs.

A comprehensive air-sealing service can **save you as much as \$650 per year in heating costs.**

Air Sealing

Controlling air leakage has many benefits to you and your home:

- Saving money on heating costs
- Greater comfort with fewer cold spots and drafts
- Less moisture infiltration to home, protecting building materials from rot
- Quieter home and improved air quality by reducing the amount of noise and dust entering the house

Smart Power Bars

Smart power bars reduce electricity consumption by switching off power to devices connected to its power saving sockets when they are not in use, eliminating standby power losses. The electricity savings for using a smart power bar with at least three devices connected to the power saving sockets is up to **\$75 per year!**

WINTER WARMING PROGRAM

You can get winter warming help once every five years.
